The Assessor reports:— The resolutions of the Finance Committee dated the 30th November, 1936, which were confirmed by the Corporation on the 9th December, 1936, were communicated to Government as per the Chief Executive Officer's letter No. S/2542, dated the 24th July, 1937, in reply to the ad interim report. The latest developments of the case have been stated in our replies to para 26 of this report.
Notice of surcharge.	
4. In connection with the error of calculation referred to in para 21 of the Audit Report for the year 1933-34, the Corporation have instituted an enquiry and the assessment has also been meanwhile increased. The results of these will be watched in due course.	Para 4.—The Assessor reports:— The matter is still under consideration of the Committee.

Corporation Chief Executive Officer's remarks.	Resolutions of the Finance Standing Committee as confirmed by the Corporation.	Audit Rejoinder together with further replies of the Corporation.	Final orders of Government per their letter No. 19-T.M. dated 27th April, 1940.
	The Finance Committee at their meeting dated 28th March, 1938, considered the Audit Report for the year 1935-36 and recommended as follows :- That it be recommended that the departmental explanations furnished in connection with the points raised in the different paragraphs in the Audit Report for the year 1935-36 be adopted subject to the following directions and remarks :- (*These directions and remarks have been shown against the paragraphs concerned*). The Audit Report together with the recommendations of the Finance Committee dated 28th March, 1938, was considered by the Corporation at their meeting dated 25th May, 1938, when (I) they confirmed the recommendations of the Finance Committee and (II) passed resolutions shown at page 65 of this Audit Report.	The further comments of the Accountant-General, Bengal and the Examiner of Local Accounts as per their letter No. LA. 1129 dated 26th August 1938 regarding the Audit Report for the year 1935-36 were considered by the Finance Committee on 9th January, 1939, when they resolved as follows : That the departmental replies noted in the precis against the 'Auditors' remarks regarding the relevant paragraphs of the Audit Report for 1935-36 be accepted with the following exceptions :— [*The departmental replies and the recommendations of the Finance Standing Committee have been shown against the paragraphs concerned excepting the commencing portion of Chief Accountant's note which has been shown at page* 65.] The Corporation at their meeting dated 8th February, 1939, confirmed the recommendations of the Finance Committee dated 9th January 1939.	
Remarks of the Deputy Executive Officer :— PARA 3.- Section 151 of the Act was enacted at a time when the apprehension was that speculators would hold on to their lands for purposes of speculation. No such apprehension exists now. I think we should attempt to have the provision repealed. The biggest individual holder of vacant lands is the Calcutta Improvement Trust but the Chairman claims that he is debarred under the Improvement act from building up the lands and therefore the penal provision can not be applied against the Trust. *Chief Executive Officer's remarks* : I agree with Deputy Executive Officer I that this provision in the Act should be repealed.	PARA 3. That the Committee reiterate the previous resolutions of the Finance Committee dated 20th December, 1937, confirmed by the Corporation on 21st January, 1938, viz., that the Government be approached to amend Section 151 of the Act as in their opinion there is no necessity for the proviso to the Section.	*Accountant General, Bengal and Examiner of Local Account's letter No. LA. 1129 dated 26th August*, 1938 :— PARA 3.—Further orders of Government are awaited The Chief Accountant reports :— *Vide* remarks against para 26	
	PARA 4. This matter is being dealt with separately. The police report shows that there is no evidence of a conspiracy to defraud the Corporation		PARA 4.—Notice of surcharge. The attention of the Corporation is invited to paragraph 2 (7) of the Government Order No. 186-M, dated the 19th January, 1938, with the request that the disposal of the matter may be expedited.

Cash in hand with the Treasurer.

9. The amount of cash in the hands of the Treasurer on the 31st March, 1936 was shown in the Cash Book of the Municipal Fund as Rs. 13,80,076/11/½ The balance shown in the Register maintained by the Treasurer was, however, Rs. 11,20,683/15/7. The excess of Rs. 2,59,392 11/5½ in the former was explained as shown below :—

Petty cash pending disbursement	1,8954	14	1

Balance with the Treasurer as shown in the Cash Book of the Municipal Fund	13,80,076	11	0½

Item (a) has since been adjusted.

The impropriety of the inclusion of item (b) in the Municipal Cash Book for 31st March, 1936 was pointed out in paragraph 2 (b) of the Audit Report for the year 1928-29. In letter No. 131 T.M. dated 6th October, 1936, Government have since pointed out this impropriety to the Corporation and have observed that if it was desired to report such collection, this should be done by a note attached to the account.

Para 9.—The Chief Accountant reports :—
No remarks except for the last paragraph.
As regards the inclusion of the morning collection of the 1st April, 1936, in the Municipal Cash Book on the 31st March, 1936, my replies to para 12 (a) of the Audit Report for 1934-35 are quoted below for reference.
"This point was explained to Government in connection with the Audit Report for the year 1928-29 and has also been dealt with in our reply to para 7 of the Audit Report for 1930-31. I have nothing further to add. Government in letter No. 131 T.M., dated the 6th October, 1936, states that for the purpose of correct accounting these amounts should not be shown in the accounts of the previous year In my opinion the view taken by Government is not correct and we should continue our practice."
The Chief Executive Officer was pleased to observe as follows in this connection :—
"Whatever be the contention of the Auditors our method of treatment is perfectly in order and the procedure suggested by them is wrong and cannot be accepted. The sums realised by the staff before the 1st of April of any year, although not actually lodged in the Treasurer's room are still amounts realised within the year."
In reply to para 7 of the Audit Report for 1930-31, I have already stated that there is no objection to add a note that a certain amount included in the collections shown in the accounts was not actually in the hands of the Treasurer although it was collected within the year. The Treasurer's Cash Book shows the amount quite distinct from the rest This ought reasonably to satisfy the Auditors.

Cash in Bank (current account).

10. Against the sum of Rs. 11,21,543/9/8 shown in the Cash Book as being in the Imperial Bank of India as stated in para 8 above the balance actually on the Imperial Bank at the credit of the Municipal Fund on the 31st March, 1936 was Rs. 13,98,647/11/9. The excess of Rs 2,77,104/2/1 in the Bank was explained as mentioned below :—

Balance as per Cash Book	Rs.	11,21,543	9 8
Add the amount of uncashed cheques	„	2,99,437	15 7
	„	14,20,981	9 3
Deduct :—			
Amount of 136 dishonoured cheques	Rs	22,323	0 0
Bank charges (on parties' cheques)	„	10	13 6
	„	22,333	13 6
Balance in the Imperial Bank	„	13,98,647	11 9

Para 10.—No remarks

Corporation.

Chief Executive Officer's remarks.	Resolutions of the Finance Standing Committee as confirmed by the Corporation	Audit Rejoinder together with further replies of the Corporation.	Final orders of Government, as per their letter No. 19-T M. dated 27th April, 1940.
	Para 9.—That the Committee agree with the views expressed by the Chief Accountant and the Chief Executive Officer that the sums realised by the various officers of the Corporation on or before 31st March, but not actually lodged in the Treasury within the financial year should be reckoned as the amounts realised within the year and that the existing practice should continue.	*A. G. B. and Examiner of L. A's letter No. L. A. 1129 dated 26th August*, 1938 : Para 9.—The views expressed is contrary to the Government orders issued in their Local Self Government Department letter No. 131 T. M. dated the 6th October, 1936. These orders should be followed by the Corporation under Section 123 of the Calcutta Municipal Act. The Chief Accountant reports :— In reply to Para 7 of the Audit Report for 1930-31, Para 12(a) of the Audit Report for 1934-35, and the paragraph in question, we have already explained to Government that our method of accounting for these collections is perfectly in order *and that the procedure suggested by the Auditors is wrong*. The final orders of Government on these Audit Reports have not yet been received by us. The Auditors have not challenged our remarks. The matter has been further dealt with in our replies to Para 8(b) of the Audit Report for 1936-37 and we hope that the Government will be pleased to reconsider the decision already given by them in their letter No. 131 T.M., dated the 6th October, 1936.	Para 9.—*Cash in hand with the Treasurer.* The collections up to the evening of the 31st March of any year should be remitted to the Corporation Treasury on the same day—the Corporation Treasury being kept open till a late hour for this purpose, if necessary. The morning collections on the 1st April should then be accounted as collections of arrear rates of the previous year.
Remarks of the Deputy Executive Officer :— Para 11.—It will be seen that the total amount between 1924 and 1935 comes to Rs. 1,372-2-3. Without seeking to excuse the delay which has taken place, in getting some of the items cancelled, I think, it may reasonably be urged that the total loss is microscopic compared with the total receipts during the ten years which is say Rs. 20 crores.		*Accountant General, Bengal and Examiner of Local Accounts' letter No. L.A. 1129 dated 26th August*, 1938 :— Para 11.—The position with regard to these cheques will be reviewed in the course of current audit. OUTSTANDING ADVANCE

(A) *From Revenue Account*

12 (i) The position with regard to outstanding advances at the end of the last four years is shown in the table below :—

Date	Advance Misc.	Cost of works done in default of others	Temporary advance from Revenue for loanable works			Advance imprest	Advance to land acquisition Coll'r.	Total
			A/C Drainage.	A/C Water Works.	Misc.			
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
31-3-34	5,98,869	1,88,290	2,30,759	5,09,193	6,41,188	17,985	84,897	23,99,006
31-3-35	6,85,647	1,35,934	7,85,963	7,96,621	9,67,097	19,020	17,198	42,51,560

31-3-37	10,23,474	1,64,934	20,664	1,46,261	34,275	13,118	23,836	16,24,054

(ii) It will be observed that there has been a considerable reduction in the figures for temporary advances from Revenue to loanable works The marked increase in the figure under "Advance—Miscellaneous" is due to the balance of Rs 6,36,390 remaining outstanding on 31st March 1936 out of an advance of Rs. 7,50,390 made to the Imperial Bank during the year 1935 36 for credit to the Special Fund for repayment of loans Leaving out this special item, the outstanding under Advances—Miscellaneous comes down to Rs 3,87,084 and shows appreciable improvement over the respective figures for 3 previous years An analysis of the outstandings shows, however, that a large amount of old advances still remained unadjusted as will appear from the following figures

			Rs.	A.	P.
Outstanding out of Misc advances made in the years previous to 1929 30			10,458	14	0
Do	do	in the year 1929 30	1,685	0	0

Do	do.	1932 33	12,267	10	0
Do.	do.	„ 1933-34	49,089	11	0

Para 12 The Chief Accountant reports:—

Every care is always taken by the Accounts Department to adjust the advances as soon as necessary details are received from the department concerned As a result of strenuous efforts made by this department the outstanding balances under columns 1 2, and 5 have in August 1937 been reduced to Rs 93 649 Rs 92,510 and Rs 609 only The advance under columns 3, 4 and 7 have been fully wiped off The balance under column 6 Imprest advance is at its irreducible minimum and should accordingly be left out of consideration The total balance, excluding Imprest Account, thus comes to Rs 1,86,761 only now against Rs 16,20 899 (16,34,034—13,135) as reported by the Auditors

The oldest item relates to an outstanding balance of Rs 17 11-1 only on account of a temporary filtered water connection The adjustment of these advances have in many cases to be delayed inasmuch as these temporary connections made for prevention of epidemic cannot often be removed promptly They are all cost of materials A proposal for permanent retention of some of these temporary connections and adjustment of the advances has already been submitted to the Chief Executive Officer The Executive Engineer, Water Works reports that his proposal includes all the cases of outstanding advances for temporary connections up to the year 1930 31 including the oldest item for Rs 17 11 1 As regards the other items marked (a) to (l in Annexure 'A' and serial Nos 1 to 8 of Annexure B all of these have been adjusted excepting Nos d, f, j (Rs 251 only) k, l (Rs 450 only) of Annexure A and Serial Nos 1 (Rs 168 14 6 only) 3 6 (Rs 20 only) and 7 of Annexure B The departments concerned have been asked to submit their accounts early.

Chief Executive Officer's remarks.	Resolutions of the Finance Standing Committee as confirmed by the Corporation.	Audit Rejoinder together with further replies of the Corporation.	Final orders of Government, as per their letter No. 19-T.M. dated 27th April, 1940.
	Para 12.—That the Executive Engineer, Water Works and other officers concerned be asked to get the cases adjusted without delay or put them up for orders before the appropriate Committee.	*Accountant-General, Bengal and Examiner of Local Accounts' letter No. L.A. 1129, dated 26th August, 1938:—* Para 12.—The action taken in pursuance of the Finance Committee's order will be watched during the audit of the accounts of 1938-39. The Chief Accountant reports:— No remarks.	

Auditors' Report.

The oldest outstanding item pertains to an advance made in the year 1918 19 The fact that these advances are lying unadjusted some for about 10 years, seems to suggest that the action so far taken for their adjustment has not proved sufficiently effective and that more vigorous action is called for.

(iii) A classified statement showing generally the nature of the Miscellaneous Advances outstanding and the parties to whom the advances were made is given in Annexure A to the report

(iv) It will be seen from this annexure that a sum of Rs 22,868/7/ representing cost of materials issued to the Executive Engineer, Water Works for temporary filtered water connections was outstanding Some of these supplies were made as far back as 1918 19 It is not practicable to detail all the items of old outstanding advances in this report but a few of them are given in Annexure B to this report for the information of the Corporation It is not understood why the submission of proper accounts was not insisted upon as soon as the expenditure was incurred

(v) Similarly for advances outstanding under the head "Works done in default of others" a few instances are detailed in Annexure C to this report which would show that in some of the cases no recovery has been made during the last 10 years

(B) *From Loan Account*

13 (i) The following statement shows the position with regard to the outstnding advances from Loan Account at the end of the last four years

(ii) The figure in Col 2 for 1935 36 is comprised of Rs 5,57 118 for Water Works Extension and Rs 64 300 for miscellaneous works Analysis showing details of these is given in Annexure D to the Report From the analysis it will be seen that a large amount of old advances remained unadjusted as will appear from the following figures :—

Outstanding out of advances made in years previous to 1929-30 Rs 1,55,452

" " in the year 1930-31 Rs. 69,260.

" " in the year 1931-32 Rs. 1,43,750.

(iii) The oldest outstanding items pertain to advances made in the year 1923 24 for Water Works Extension Works and as much as Rs 1 59 [illegible] for these works relate to the period between the years 1923 24 and 1928 29 The matter is brought to the notice of the Corporation for such action as they may think fit for expediting the adjustment of these advances which are outstanding for an unusually long period

PARA 12 (v) The Chief Accountant reports —
Out of the 20 cases three have been settled one relates to the cost of filling up tank and the land is in possession of the Corporation the amount is being recovered in instalments The others are still pending

PARA 13 The Chief Accountant reports
The amount lying at debit of Advance Miscellaneous account (Loan) for Water Works Extension Scheme was Rs 5 60 117-10 0 and not Rs 5 57,117 10 0 as stated by the Auditors This was reduced to Rs 4,38,942 1 0 on 31st March 1937 The adjustment of about Rs 4 lacs which is held up to want of receipt of (a) the final bill regarding contract No 27 and (b) the connected papers regarding supply of steel shed piles in respect of which a suit is pending in the Hon'ble High Court
The amount lying at debit of Advance Miscellaneous account (Loan) for Miscellaneous works on 31st March, 1936, comes to Rs 61 300 and not Rs 64 300 as stated by the Auditors
This amount has since been reduced to Rs 11,500 as per Serial Nos 2 and 4 account Messrs A Hafiz & Co of Annexure "D", regarding which District Engineer III reported as follows on 3rd August, 1937
The work of Messrs A Hafiz & Co has not yet been finished hence the above amounts which were advanced to the contractor on account of his work could not be adjusted as yet The case was reported and is lying pending before the Works Committee which has formed a Sub Committee for considering the application made by the contractor

A portion of this excess viz., Rs. 65,701/9/3 represents value of certain stores shown in the accounts as transferred from the Water Works Extension Department to the Stock Account. These stores were actually not received by the Controller of Stores and were not subjected to verification. As regards the balance viz., Rs. 77,377/10/7, it is stated that the figure represents value of unadjusted issues. No records, however, were forthcoming to show that this figure was actually agreed with the total of the unadjusted issue returns.

Paras 14 (b) and 15.—The Chief Accountant reports.
The balance of Rs. 77,377-10-7 representing the value of unadjusted issues was arrived at by allocating the totals of unadjusted issue returns according to the different stores.
The Executive Engineer, Water Works Extension, reports :
In connection with the laying of 42 in pipes in Garden Reach under contracts 21 and 63, about 4,356 ft. of surplus pipes were taken over from Messrs. Beruck and Comens (Engineers) Ltd.
There were also other lengths of surplus steel pipes of various sizes taken over from Messrs. Cleveland Bridge and Engineering Co. and other contractors. All these pipes are lying along Narkeldanga Main Road, Bagmari Road, Majerhat Station, etc. As these pipes are Corporation property, and are not likely to be put to use for sometime to come, it was considered desirable to protect them. The Chief Executive Officer discussed the matter in a conference in March, 1934, and directed that the pipes should be scraped and painted and stacked at the Baghbazar Depot. An estimate amounting to Rs. 8,098 was prepared but the Water Supply Committee on the 28th August, 1934, decided that the pipes need not be carried to the Baghbazar Depot as these might be required to be brought back to Manicktola for laying. They accordingly sanctioned a sum of Rs. 7,035, being the cost of scraping and painting only. As there was, however, no fund, the Corporation on the 28th March, 1935, sanctioned the appropriation of an equivalent amount from the closing balance.
The specification and draft advertisement calling for tenders were prepared and placed before the Water Supply Committee for consideration. The Committee on the 13th August, 1936, postponed consideration of the matter to enable the Chairman to go through the specification and favour the Committee with his views. The Chairman returned the file together with the specification and draft advertisement on the 31st August, 1936, and the matter was placed before the Committee on 10th September, 1936. The Committee on 17th September, 1936 approved the specification and draft advertisement, and tenders were accordingly called for. The tenders received were placed before the Committee on 21st January 1937. The Committee on 11th February, 1937 discharged the tenders and directed that fresh tenders should be invited. Fresh tenders have been invited and will be opened on the 7th April, next.
The Chief Accountant reports :—
The tender of Messrs N Gupta & Sons amounting to Rs. 2,815-10 0 plus Rs. 140 for contingencies was accepted by the Water Supply Committee on 9th July, 1937 and the contractors have since taken up the work.

Surplus pipes of Messrs Beruck & Comens.

15. (a) Some steel pipes brought to the site of work at Narkeldanga by Messrs Beruck and Comens (Engineers) Ltd., (one of the contractors of the Moore's scheme projects) having proved surplus, they were purchased by the Corporation in 1931 for future use. The price paid was however wrongly charged to the cost of the Moore's scheme projects. On objection, it was explained that the amount of Rs. 63,701/10/- (being 90 per cent. of the value of the pipes paid so far) had since been transferred to Water Supply Stock Account.

(b) The transfer was, however, effected on paper only, for it was pointed out by the Controller of Stores that until the pipes were brought together and fenced, the storekeeper could not take any responsibility for theft or damage thereto. After a conference with the departmental heads, the Chief Executive

Officer decided on the 13th March, 1934 that the pipes should be scraped and painted and stacked at the Baghbazar Depot. An estimate was accordingly placed before the Water Supply Committee, who approved of a cost of Rs. 7,035 for scraping and painting all surplus pipes with the direction that the department be asked to submit proposals for laying those pipes as early as possible

(c) It did not appear from the records available that this direction has yet been complied with. As regards the painting, funds were not provided till the 28th March, 1935. No work was done in that year. Funds were again provided in the Budget for 1935-36 but nothing was done in that year too Up to December, 1936 some tenders have only been received, final selection of a contractor remaining yet to be decided Meanwhile for 5 years the steel pipes have been lying by the road side rusting.

CORPORATION WORKSHOP

Accounts exhibit loss.

16 (a) The profit and loss account of the Workshop exhibited loss of Rs. 7,309 whereas profit had been shown for the last three years as detailed in the margin. The net loss was the difference between the total running expense amounting to Rs. 1,00,063/9/4 and the gross profit which amounted to Rs. 92,754/7/7.

Year.	Amount Rs
1932-33	25,858
1933 34	12,425
1934 35	24,281

Disparity between running charges and outturn.

(b) The overhead charges have gradually been increasing for sometime past, while the value of the annual outturn has been decreasing. The figures in the margin show that though the total outturn fell from Rs. 5·17 lacs in 1932-33 to Rs 4·70 lacs in 1935 36, the running expenditure increased from about Rs ·92 lacs in 1932-33 to Rs. 1 lac in the current year.

Year.	Running expenditure (exluding cost of materials) Rs.	Total outturn Rs.
1932 33	81,636	5 17,331
1933-34	91,732	5,01,705
1934-35	89,781	4 78 143
1935-36	1,00,063	4,70,420

Increase in expenditure.

(c) Noticeable items of increase in expenditure are mentioned below :—

Item.	1932-33.	1933-34.	1934 35.	1935 36.
	Rs.	Rs	Rs.	Rs.
Clerical and Subordinate .	15,303	15,247	13,940	16,630
Provident Fund ...	...	4,800	4,200	4,800
Miscellaneous contingencies	3,376	4,809	9,874	9,878
Motor charges	5,045	5,854	9,963	11,897

Considering that the outturn is gradually coming down, it is for the Corporation to consider whether a lower scale of expenditure under "Miscellaneous contingencies" and "Motor charges" is not practicable.

Excessive labour charges for manufacturing spindles.

17. The figures in the margin regarding the cost of labour incurred for the manufacture of spindles show that the charges have been increasing year after year. In reply to an enquiry with reference to the cost incurred in 1934 35 the Managers of the Workshop stated in December, 1935, that previously there was no special facility for manufacturing the spindles and that the cost of labour per spindle was 12 annas but that when special tools were introduced the rate was reduced. The

Replies of the Departmental replies and Chief Accountant's remarks.

PARA 16 (a).—The Manager, Entally Workshops, reports :—
The loss shown was more apparent than real. Due to efficient supervision and on account of more machine work the proportion of labour to material has gone down in the year under review as against the previous year. The proportion of labour fluctuates according to the nature of work we are called upon to do namely machine work and hand work. In the year 1935-36 most of the works came under the heading of machine work. In fact the saving to the Corporation on account of labour during the year in question was much more than in the previous year, although the share of profit was considerably less.

PARAS 16 (b) & (c).—The Manager, Entally Workshop, reports :—
Formerly our workshop machines were run by steam plant. In the year 1934-35 when the machineries were shifted to the new shed, the old Prime mover which was almost in an unserviceable condition and not worth repairing, was replaced by electric motor. Pending the generation of current by the Corporation, the energy was taken from Calcutta Electric Supply at a higher rate as compared with the rate at which it could be generated. Hence the cost went up. Since 1936 37 the major portion of our machineries are being run by our own current. When all the machinery is run by our own current, the cost will go down considerably.
The rise under the miscellaneous contingencies is due to present scattered arrangement of the shops under different Foremen. It is expected that the cost will come down when the shops will be grouped together.

PARA 17.—The Manager, Entally Workshop, reports :—
The machines are very old, and breakdowns are frequent. Therefore, the cost cannot go down
It is also necessary to point out that the schedule rate was wrong being too low.

	PARA 17.—That the Committee find that prior to the introduction of labour saving devices, the cost of labour was 12 annas per spindle and that the schedule rate of annas 0/2/3 which was unduly low has now been raised to 4 annas based on actual experience and outturn.	*Accountant-General, Bengal, and Examiner of Local Accounts' letter No. L.A. 1129, dated 26th August, 1938 :—* PARA 17.—At the rate of As. 4 per spindle, the cost of labour for 3,000 spindles comes to Rs 750 against Rs. 2,414-13-6 charged in the 1935-36 accounts. Auditors' Report.	Replies of the Departmental replies and Chief Accountant's remarks.
"Special tools" were introduced in October, 1934 and the schedule cost of manufacture was reduced from Rs 2/- to Re 1/6/- in 1935-36 The new rate provided for a cost of -/2/3 only per spindle on account of labour. The labour charge for manufacturing 3,000 spindles during 1935-36 should have accordingly amounted to Rs. 421/14/- only, but the charges on that account amounted to Rs. 2,414/13/6 or about Annas -/12/10½ per spindle The Manager held the view that the revised schedule of rates was wrong, and the Chief Engineer also held the same opinion. It is not clear, however, why the cost of labour during 1935-36 should have exceeded that incurred in 1934-35 by about 15·4 per cent. inspite of the introduction of labour saving machinery.	
Loss in Brass Foundry.	
18. Materials amounting to Rs. 6,785/11/9 were consumed in various works in the Brass Foundry during the year under audit up to the end of September, 1935 and a sum of Rs. 1,461/3/11 was incurred for labour. The outturn at the total cost of Rs. 8,246/15/8 was valued at Rs. 7,453/1/6 in accordance with approved rates shown in the schedule. There was thus a loss of Rs. 793/14/2. It was stated by the Manager that labour for certain minor repairs was wrongly charged to this work, that labour charges were incurred for work done on bad castings and that the schedule rates for labour at 7·92 pies per lb. was wrong as the actual cost of labour incurred during the last 3 years was as follows :—	PARA 18.—The Manager, Entally Workshop, reports :— The loss in Brass Foundry is due to under-estimated labour charge in the schedule of brass castings.
Year — Average cost per lb 1933-34 — 20·25 pies. 1934-35 — 24 pies. 1935-36 — 20·5 pies. The schedule rates were sanctioned by the Chief Engineer The matter seems to require investigation	
Outstanding transfer statements.	
19. Transfer statements of outturn made at the Corporation Workshop which remained to be adjusted on the 31st March, 1936 amounted to Rs. 1,20,355·3/11 Some of the statements which remained unadjusted when the audit closed were very old as shown below :—	PARA 19.—The Chief Accountant reports :— The balance of Rs. 1,20,355-3-11 was reduced to Rs. 8,685-1-5 only on 3rd August, 1937. Out of the 19 transfer statements thirteen *viz.*, serial Nos. 1, 4, 5, 6, 7, 8, 10, 11, 12, 15, 16. 17 and 18 of Annexure E have been passed for adjustment. For the rest, the reasons for non-adjustment are already stated against each item of the Annexure.

Year.	No. of statement	Amount. Rs. A. P.
1932-33	2	689 2 11
1933-34	5	2,497 1 11
1934-35 ...	12	2,968 8 6

The facts about each as far as could be ascertained in audit are mentioned in Annexure E attached.

		cost of labour wrongly allocated to manufacture of spindles. If this be so, it is necessary that the manufacture accounts should be maintained in a more satisfactory manner. The Manager, Entally Workshops reports :— We have been keeping regular accounts of labour as desired in every case. The excess was most probably due to frequent interruption in processing during that year due to shifting of machinery from the old condemned Building to the New Building. Also during that period the group machines that are engaged for this work could not probably be set up all at the same time for this work. As there was a great demand at the time for spindles from the Water Works Department, the work had to be gone through somehow to cope with the demand. *Recommendation of the Finance Standing Committee dated 9th January, 1939, as confirmed by the Corporation on 8th February, 1939.* The Committee are of opinion that Manufacture Accounts in the Entally Workshops should be maintained in a more satisfactory manner and they draw the attention of the Works Committee to this matter.	

Auditors' Report.	Replies of the Departmental replies and Chief Accountant's remarks.
Free use of fans in Officers' quarters.	
20. Fans have been supplied to some of the Corporation Officers' quarters free of rent. No authority could be produced for such free supply. The matter is reported for such action as the Corporation may consider necessary.	Para 20.—The Chief Accountant reports:— 'This very question was raised by the Joint Auditors in their Summons under Section 121 (2) of the Act to the Chief Executive Officer letter No. LA 1239 dated the 17th October, 1935 and the following reply was sent to the Accountant-General, Bengal, as per Chief Executive Officer's letter No. S/4272 dated the 29th October, 1935. 'Fans are supplied to quarters provided by the Corporation under some orders passed many decades ago. In this connection office order No. 1 dated the 1st April, 1914 which is incorporated in the Standing Orders as noted may be referred to." I think instead of raising the same question again and again after some intervals, the Auditors should keep a note of all questions that are once settled with them.
OUTSTANDING CONSOLIDATED RATES.	
Demand, Collection, Remission and Balance.	
21. (a) The figures for demand, collection, remission and cancellation and balance on account of the consolidated rates for the last four years as shown in the accounts of the Corporation are detailed in Annexure F. The balance on the 31st March, 1936 amounted to Rs. 42,27,585 against Rs. 44,49,090 at the end of 1934-35. The balance has decreased a little but it is still very heavy.	Paras 21 (a) and (b).—The Collector reports:— So far as this department is concerned the balance is still decreasing as will be evident from the figures of 1936-37 which is Rs. 13,62,854. The Assessor reports:— Out of the outstanding amount of Rs. 11,10,302-14-0 nearly 4 lacs of rupees is due to the Bengal Council Chamber and the Canals. It is expected that these cases will be decided during the course of this year viz., 1937-38, after which the outstanding figure will be reduced to the normal level. The Chief Law Officer reports:— The practice prevailing in this Department is to enter the outstanding bills in the stock-lists arranged serially ward by ward. I do not see any necessity to change this practice, as no useful purpose will be served by classifying them as suggested.

(b) The arrears on account of the previous and the current years were as follows :—

Department.	Previous year.	1935-36	Total.
	Rs. A. P.	Rs. A. P.	Rs. A. P.
Collection ...	5,03,152 6 3	10,36,115 9 6	15,39,267 15 9

			42,27,585 1 6

The outstanding bills in the Law Department could not be analysed as there was no system of classifying the bills according to the year of their issue or receipt in that department.

(c) The Collection in the year under review improved to some extent as will appear from the following table :—

The purpose of this verification is

Para 22 (a).—The Chief Accountant reports:—
Delay in closing the quarterly accounts of the three departments (viz., the Collection, the Assessment and the Law Departments) due to heavy outstandings and want of adequate staff delayed the reconciliation of stock-figures and issue of stock-reports. Now that the requisite staff has been given and special attempts are being made to reduce the outstandings the position is improving.

Remarks of the Deputy Executive Officer :— PARA 20.—The standing order referred to lays down amongst other things that fans should be maintained at the cost of the Corporation. It is taken for granted that fans will be supplied by the Corporation, for surely otherwise the Corporation would be maintaining other peoples' fans.	PARA 20.—That the Committee find that the necessary authority is furnished by the standing order, even though indirectly.	*Accountant-General, Bengal, and Examiner of Local Accounts' letter No. L.A. 1129, dated 26th August*, 1938 :— PARA 20.—The standing order does not fix the scale of supply to the various quarters. The auditors, however, assume that the number of fans now in use in the different quarters has the approval of the Corporation and that fresh sanction will be necessary only in the case of additions to the present number. The Chief Accountant reports :— No remarks except that in reply to Para 82 of the Audit Report for 1931-32 we have already informed the Auditors that the supply of additional fans in a particular case was sanctioned by the Chief Executive Officer and that is the procedure.	
	PARA 21(1)—That the matter be referred to the Law Department Re-organisation Special Committee for consideration. (2) That the Committee are of opinion that the existing practice in the Law Department regarding analysis of bills Ward by Ward should continue as it is not possible to introduce the system in vogue in the Collection and Assessment Departments. (3) That as outstandings shown against the Assessor, include the assessment of Canals, Bengal Council Chamber and the railway properties now under objection, they will be automatically reduced correspondingly as soon as the assessments are finally decided. (4) That the Committee note with satisfaction the very satisfactory work done by the Special Officer, (Mr. D. N. Ganguly) and that they request the Chief Executive Officer to record this in his service sheet.		
	PARA 22 (a).—That the Committee find that there is already an improvement in the matter.	*Accountant-General, Bengal, and Examiner of Local Accounts' letter No. L.A. 1129, dated 26th August*, 1938 :— PARA 22.—The matter will be reported on again if necessary in

to detect defalcations, if any Delay in verification would thus mean a corresponding delay in detecting defalcations. It is, therefore, important that the verification should be done as quickly as possible As a matter of fact, however, it was found that reports on the quarterly verification were issued long after the due dates, as mentioned below :—

	Due date.	Actual date of report
1st quarter	20-7-35	3-9-36
2nd ,,	20-10-35	12-10-36
3rd ,, ...	20-1 36	15-10-36
4th ,,	20-4-36	31-12-36

(b) *All outstanding bills not produced during verification.*

It appeared from the report of verification made at the end of the 4th quarter of 1935 36 that all bills shown in the accounts as outstanding were not produced for verification, *vide* table below :—

	Assessment.	Collection.	Law

Many of the bills were not produced for verification in previous quarters also. Final action was not taken on the report of verification when the audit closed.

PARA 22 (b).—The Chief Accountant reports:—
The irregularities mentioned have all been reported in the stock-reports submitted by the Chief Accountant to the Chief Executive Officer and steps are being taken to get them fully explained by the departments concerned to the satisfaction of the Chief Executive Officer.
The Chief Law Officer reports:—
Almost all the bills were produced in tact in subsequent quarters of 1936-37 and Pleader's challans covering some suits were also shown for audit inspection.
The Special Officer (Assessment) reports:—
It has been found on enquiry that some of these bills were disposed of and some of these were shown in the stock subsequently.
The Collector reports:—
Final report has already been submitted by the Chief Account ant, and the reply thereto regarding the discrepancy by the Collector has also been given. It appears that out of Rs. 11,068-13-0 mentioned in the item, major portion was due to bills which were sent to Accounts Department for adjustment but were returned unadjusted long after stock-taking and hence they could not be shown in the stock at the first instance, but they were shown subsequently.

Delay in the disposal of consolidated rate bills due by the Government and Public Bodies.

23 The outstanding rate bills in the hands of the Collector on 31st March, 1936, included certain amounts due by the Government and Public Bodies. The delay in clearing up these dues was generally due to delay in settling the disputes involved or sanctioning grants. Some typical cases are cited below :—

Party.	Quarter for which outstanding.	Amount.	Remarks.	
		Rs. As P		
1. Mayo Hospital, 209, Upper Chitpore Road.	I to IV 35—36	15,708 0 0	The Hospital authorities sent on 27th May, 1935 an application for grant with the required declaration. The grant was sanctioned by the Corporation on 12th February, 1936 and it took another month for the Health Officer to return the declaration which was found defective for rectifying the defect.	PARA 23 Case No (1):—The Collector reports:— Adjustment against the grant was made later, i.e., during the 1st quarter of 1936-37.
2. E. B Railway Premises No 308, Upper Circular Road.	II 35—36	18,050 15 6	This amount is outstanding as the Railway made certain deductions from the bills on account of taxes realised by the Corporation on certain premises which, the Railway alleged, had been accepted by the Corporation to be outside the Municipal limits of Calcutta. The Railway justified the deduction on the ground that no direct communication had been received by them from the Corporation on the subject of refund inspite of considerable correspondence	Case No. 2.—The bills have subsequently been recalled by the Assessor and fresh bills at Rs 9,165-7-3 each issued during 4th quarter 1936 37. They are still outstanding for the same objection which are being dealt with by the Assessment Department.
3 Executive Engineer, City Division for 8, Pyari Sarkar Street.	I to IV 35 36	4,038 7 0	The Executive Engineer, City Division filed an objection on 12th December, 1934 against the revaluation. The objection was heard and valuation fixed on 20th April, 1935.	Case No 3. Since paid.

My replies to the further remarks of the Accountant General, Bengal, on the replies of the Corporation to the Audit Report for 1933-34 as per his letter No L A 2617, dated 17th December, 1936 to Government, are reproduced below:—

"This refers to the question of including in the Balance sheet as assets all outstanding demands The suggestion is impracticable Besides departmental reports, if any, on the subject, cannot be accepted in audit unless such reports are finally approved by the Corporation The main portion, viz., rates, must remain as it is till remissions, if any, have been granted and cancellation, if any, duly sanctioned by the Corporation"

The matter is separately under correspondence with Government resting with this office letter No S/4826 dated 4th November, 1937

SECTION III.

RECEIPT

Assessment Department

Disposal of objections.

25. The disposal of objections filed against Assessment during the year 1935-36 and in 2 previous years are shown in the comparative table below :—

	1933-34	1934-35.	1935-36.
(1) Outstanding objections of the previous year.	8681	9480	7446
(2) Objections filed during the year ...	12393	9832	7647
(3) Total number of objections to be disposed of	21074	19312	15093
(4) Number of objections disposed of ..	11594	11866	9102
(5) Outstanding objections at the end of the year.	9480	7446	5991

The figures against item (4) above show that there has been a fall in the number of applications disposed of during the year 1935-36.

PARA 25 :—The Assessor reports :—
It will appear from the statement that the number of objections received during the year (1935-36) is considerably less than those received in the two previous years. The outstanding objections at the end of the year have also been reduced to a great extent.

Rates on vacant lands remitted for more than three years.

26. (1) Section 151 of the Act authorises remission of one-half of the owner's share of the consolidated rate in cases of vacancy. As regards lands suitable for building sites such remission is available for 3 years only unless

(i) the property be Wakf or Debutter, or

(ii) the Corporation exempt the restriction on the ground

(a) that the land is necessary to be kept open for ventilation,

or

(b) that special circumstances exist which render it impracticable for the owner or lessee to utilise the land as a building site.

Remission continues, however, to be automatically granted for more than three years without reference to the conditions laid down as stated above. The irregularity was pointed out in the audited report for the year 1926-27. Although in the meantime the matter had come up several times before the Finance Committee, to whom the power under proviso to Section 151 stands delegated, no decision was reached except that lands held by the Calcutta Improvement Trust have been exempted from the operation of the proviso, in view of the fact that the Trust got remission only in respect of land acquired under schemes framed before 1st April, 1924. As regards other vacant lands, the Committee decided in their meeting held on 12th March, 1936 that the consideration of the matter should be brought up again next year.

(2) In cases where the Corporation cannot declare that the conditions mentioned in para 1 above have been satisfied, the continuance for more than 3 years of the remission for vacancy seems to be *ultra vires* of the Act.

PARA 26.—The Assessor reports :—
This question formed the subject matter of a special report from the Joint Auditors as stated in Para 3 of this report and was placed before the Corporation through the Finance Committee. The resolutions of the Finance Committee which were confirmed by the Corporation on 9th December, 1936 are quoted below :—

1 "That the Accountant-General, Bengal, be informed that circumstances, such as trade depression and other causes, having intervened, the Corporation could not so long enforce Section 151 of the Act. They are however going to take action now."

2 "That the Assessor be requested to place before the Committee a list of vacant lands in respect of which full rates can be charged together with a list of vacant lands in regard to which special circumstances exist."

These resolutions of the Corporation were communicated to Government as per our letter No. S/2542 dated 24th July, 1937.

List of vacant lands in Wards 15, 16 and 17 were placed before the Finance Committee on 31st May, 1937 when they resolved (1) that consideration of the matter be postponed for submission of a complete statement of vacant lands for the whole city and (2) that the Corporations of Bombay and Madras be written to as to what is the procedure they follow in regard to the assessment of vacant lands within the boundaries of their municipalities.

Re resolution No. 1.—A separate departmental note has already been sent to the Finance Committee through the Dy. Executive Officer II along with the lists of vacant lands in Wards 11 and 12 pointing out the probable difficulties which may arise in the consideration of individual cases of the whole city at a time.

Re. resolution No. 2.—The Secretaries of the Bombay and Madras Municipalities were written to accordingly. In reply the Bombay Municipality states that in the Bombay Municipal Act there is no authority to refuse refund on account of vacancy irrespective of the number of years for which the lands remain vacant. The Municipality further states that refund on account of vacancy in respect of buildings and lands is admissible subject to compliance with the provisions of sections 174 to 179 of the Municipal Act, provided there is a previous application to stop filtered water connection attaching a print thereof for information. No reply has yet been received from the Madras Municipality.

Lists of vacant lands in Wards 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 13, 14, 20, 22-A, 23 and 24 have been prepared and sent to the Building Department for their opinion whether all the premises stated in the lists are building sites or not. They will be placed before the Finance Committee as soon as they are received back. Preparation of the lists of vacant lands in the remaining Wards is in progress. Lists for 18 and 19 are ready to be placed before the Committee.

Irregular Exemption from Rates	
27 In the Corporation meeting dated 29th March, 1935 in which grants to educational institutions for the year 1934-35 were considered one of the members raised the question of exempting the Sree Maheswari Vidyalaya located at premises No. 4 Sovaram Basak Street, from payment of rates The Corporation did not agree to grant the exemption as it was pointed out by one of the members that income was being derived out of the institution On the following day, however, the Corporation approved the list of exemption from rates for 1934-35 as recommended by the Finance Committee and this list included the premises referred to above, the application for exemption in respect thereof having been made by the Maheswari Sabha The Corporation apparently were unaware that the Maheswari Sabha's application was in respect of the same premises as the one in which the school was located and in respect of which exemption had been refused on the previous day The exemption was continued in 1935-36 also. The matter is brought to the notice of the Corporation for further examination as to the admissibility of the exemption	PARA 27.—The Assessor reports. The exemption under Section 126 (1) was sanctioned for the years 1934-35, 1935-36 by the Corporation on 29th March, 1935 and 20th March, 1936, although it was reported by the Department that a small portion was used for music classes for which nominal fees were charged. The Corporation evidently held that the imposition of the small fee did not alter the character of the institution It will also appear from the remarks column of the printed list of Charitable Institutions exempted for the year 1935-36 that our departmental report was that music and singing were taught on a nominal monthly subscription, and the Corporation sanctioned the exemption inspite of the above report.
Bengal Council House.	
28 Out of the outstanding bills amounting to Rs 11,10,302 14 0 in the hands of the Assessor, Rs 3,02 347 8 0 related to the Bengal Council House premises No 6 Esplanade Row West. The bills have been accumulating since 1931-32 pending decision of the question as to whether the site is a part of the Maidan or falls within the boundaries of the Corporation The Chief Executive Officer has recently ordered that the Advocate General's opinion should be obtained	PARA 28 The Assessor reports:— Conferences were held with the Government to arrive at a decision in the matter Another conference was also fixed in March, 1937, but as the Hon'ble Ministers were busy at the time the same could not be held Every endeavour is being made to settle the matter as early as possible.
CALCUTTA MUNICIPAL GAZETTE.	
Deviation in rates of fees for advertisement	
29. The Corporation approved on the 26th August, 1925 the rates for advertisement to be published in the *Calcutta Municipal Gazette*, the Chief Executive Officer being authorised to modify the rates in his discretion under special circumstances Certain deviations from the above rates having been pointed out in audit, the sanction of the Chief Executive Officer was taken on 9th December, 1936 on 188 items published during a long time past The practice of obtaining the Chief Executive Officer's sanction for all items at the end of a year on a longer period renders the exercise of any discretion by the Chief Executive Officer impracticable and it is doubtful if such delayed sanction was contemplated by the Corporation It is desirable that the previous sanction of the Chief Executive Officer should be applied for in each case of deviation in rates. The period of contract and the total amount of gain or loss by the deviation for the whole period of contract may also be shown when any deviation is submitted to the Chief Executive Officer for sanction in future	PARA 29.—The Editor, 'Calcutta Municipal Gazette' reports:— The remarks in this paragraph seem to have been based on a misconception. The matter of deviations from the scheduled advertisement rates in the *Gazette* is a technical matter concerning the technique of newspaper business. In accepting advertisements at a rate lower than the Schedule, it is not at all possible to obtain the previous sanction of the Chief Executive Officer in each individual case as the acceptance has to be made by the Advertising Agent daily when canvassing for advertisements goes on A list of such deviations will, however, be prepared and submitted to the Chief Executive Officer in the usual manner at the end of each year I do not find any other alternative than to adhere to the present system as has been the practice for the last several years The question of gain or loss in this connection does not arise as to refuse to accept advertisements on rates slightly lower than the schedule means loss to the Corporation and it is only in such cases to book advertisements after allowing a certain deduction from the scheduled rates. No newspaper or periodical can afford to have absolutely rigid rules in regard to the advertisement rates
Bills for advertisement for long outstanding	
30 Fees for advertisement in the Calcutta Municipal Gazette were outstanding in a large number of cases and some from a very long time dating as far back as 1929 A few instances are given below As such demands get time-barred after lapse of 3 years the outstanding items of 1933 and previous years have presumably become irrecoverable According to the terms of the contract between the Corporation and the Advertising Agent irrecoverable fees for advertisement in the Calcutta Municipal Gazette secured by him are due to be recovered from him The continuance of such old arrears suggests the necessity for having periodical declarations from the Collector and the Law	PARA 30.—The Chief Accountant reports:— The demand of Rs 39-12-0 against the Empire Engineering Co., will be deducted from the commission to be paid next to the Sole Advertising Agent The other claims are lying in the Law Department.

CART REGISTRATION FUND

31 Income from Cart Registration and expenditure towards running the department for the last few years are shown below :—

Year	Total income (gross)	Net income (Corpn. share.)	Total Expenditure.
	Rs.	Rs	Rs.
1929-30 ..	1,96,611	1,52,809	27,526
1930-31 ..	1,80,770	1,37,506	28,864
1931-32 ..	1,73,701	1,32,539	27,189
1932-33 ...	1,01,090	66,963	26,402
1933-34 ..	1,03,181	70,156	25,413
1934-35 ..	1,05,067	72,800	25,485
1935-36 ..	1,09,726	75,788	26,050

It will appear from the above that the total income in 1935 36 has gone down by 44·2 per cent. as compared with the 1929-30 figures while the expenditure in connection with this revenue shows a decrease of 5.4 per cent. only The matter is brought to the notice of the Corporation for consideration whether the fall in income is beyond control and whether in that case the existing scale of expenditure should continue.

(*N.B.*—The figures in the last column have been obtained by deducting the liabilities of previous year from the actual payments during the respective years and adding thereto the liabilities for the year concerned which remained unpaid at the end of the year)

PARA 31.—The Deputy License Officer, Cart Registration Office, reports :—

It should be remembered in this connection that up to 1931-32 motor lorries used to be registered by the Cart Registration Department. Since 1932-33 lorries are being registered by the Government of Bengal, and it is to this that the fall in the income of the Cart Registration Department is due. It should be noted however, that since 1932-33 the income of the Department has gone up steadily while the expenditure practically remains constant. The fall in the income caused by the transfer of registration of lorries to the Public Vehicles Department is more than made up by the share of the revenue received by the Corporation.

The License Officer reports :—

The increased income as has been explained above was due to registration of Motor Lorries, which, however, has been transferred to the Public Vehicles Department after the passing of the Motor Vehicles Act. The expenditure that was incurred during the years prior to the passing of the Motor Vehicles Act was the irreducible minimum. The present system of registration and seizing of unlicensed carts entails great labour and expenditure than that which was required for registration of lorries The question of reduction of expenditure cannot arise

CITY ARCHITECT'S DEPARTMENT

Belated action in enforcing demolition order.

32. Babu Ganesh Ch. Dhur & another, owners of premises No. 154, Balaram De Street (Ward VI) having failed to comply with the Municipal Magistrate's order dated 5th September, 1933 to demolish certain unauthorised structures by 5th December, 1933, an application for summons was filed on the 12th March, 1935 under Section 488 of the Act. The application was dismissed as time-barred A rule was obtained, but it was also discharged on the ground that there was no evidence to show that the proceedings begun at so late a stage were still within the period of limitation prescribed by law.

In discharging the rule, the Hon'ble Judges remarked that the provision of Section 534 indicated the necessity of prompt action and that delay such as had occurred in the case before them was as little to the interest of the Corporation as to that of the tax-payer. The appeal to the High Court would not have been necessary and the ineffective expenditure of Rs. 157 could have

PARA 32.—The City Architect reports :—

Audit objection has been taken for the cost of the suit in the High Court as in their opinion it would not have been necessary if the prosecution had been started in time. The main object for taking the case to High Court was to decide the question of law as to whether such cases do come under time bar limit or not. The history of the case is that the Magistrate passed orders for demolition of certain unauthorised structures on the owner and the fact that the same order was not carried out by the party was not detected within 3 months. Then when the case was filed in court again under Section 488-363 for non-compliance with Magistrate's order, defence took the plea that as the latter case was not filed within 3 months from the date of original order, it became time barred The Magistrate accepted the defence plea and struck off the case. Our Law Officer held a different view on this point of law. So it was thought necessary to take the matter to the High Court to have it decided finally The rule was discharged by

	PARA 31.—That the Committee are of opinion that it is not a question of reducing expenditure but rather to make a judicious increase of expenditure which will at the same time mean a more than proportionate increase of revenue, as the area is vast.

been avoided if the officers of the Corporation whose duty it was to make investigation in the matter had been prompt in carrying out their duties. The matter is brought to the notice of the Corporation for such action as they may deem necessary.

High Court on the ground that there was no evidence to show that the Proceedings begun at so late a stage were still within the limitation prescribed by law. It is clear therefore from the above judgment that we become unsuccessful in this case as we missed to record an evidence showing that the date of filing the second case was within 3 months from the date of detection of party's failure to comply with Magistrate's order. We are not accustomed to this unusual procedure in conducting the demolition cases and we were also not advised to adduce such evidences

COLLECTION DEPARTMENT

Formal receipts not issued in certain cases of realisation.

33. In cases of partial recovery of bills or amounts received without sufficient details no prescribed forms of receipts are used and in some cases the amounts remitted by parties are acknowledged by letters. This point was dealt with in para 39 of the Audit Report for 1929-30. It was stated in reply that the introduction of a revised form would not necessarily prevent any dishonest employee from granting manuscript receipts and misappropriating the money received, if he was so inclined, and that the issue of receipts in printed form would mean considerable increase of work. It is not clear why any increase of work would result from the adoption of the suggestion. Neither is the possibility of misappropriation even after the introduction of the printed form a sufficient ground for not adopting the suggestion. To facilitate a proper check of these receipts, the introduction of a printed form appears necessary.

PARA 33.—The Collector reports:—
The question of introducing a form of receipt for deposits made in the Collector's suspense account has been considered by the Law Officer, the Chief Accountant and the Collector many times. The suggestion made by the Government Auditor involves changes of procedure in the Collection Department as well as principles of Law that is granting double receipts, expense of stamps twice over, introduction of provisional receipts without offending the Stamp Act, etc Before a prescribed form is contemplated, the difficulties among others as set forth above should be discussed in detail at a conference of the Auditors, the Law Officer, the Chief Accountant and the Collector.

Delay in the recovery of amounts short remitted by bailiffs.

34. (a) Babu S. C. Ghosal, bailiff, realised Rs 743-9-0 on 26th September, 1935 but credited Rs. 543-9-0 only owing to his having struck a wrong total in the receipt voucher (chalan) No. III/38, dated 26th September, 1935. He thus retained in his hand a sum of Rs 200. The deficit was not made good till in February, 1936. Although he reported that some excess amount was lying with him the bailiff was not even called upon to deposit the amount forthwith into the suspense account pending a reconciliation of accounts. The explanation given was that the bailiff could not say definitely whether the excess amount in his hand was collection money or not. There is, however, no record to show that the bailiff was questioned on this point at the time Under Rule 413 of the Assessment and Collection Manual, bailiffs are required to deposit all their collections in the Treasury. The fact that a short credit of Rs 200 should take over four months to be made good shows the necessity of the arithmetical accuracy of chalans being promptly checked.

(b) Such inordinate delay in making good short remittances was noticed in many other cases also, *vide* instances cited below :—

PARA 34 (a) & (b). The Collector reports:—
I agree with the Government Auditor that there should not be inordinate delay in recouping the short deposits. As the work of the Department was in great arrear necessitating delay in reconciliation of accounts, detection of short credit was also delayed. Fortunately the department is making a great headway towards speedy reconciliation of accounts and this will automatically minimise the delay in detecting short deposits also. The view that the private cash of each bailiff, should be kept apart from the Corporation money is also accepted. But the suggestion of the Government Auditor that the challans should be checked by the clerk before the bailiffs deposit the cash in the Treasury is not practicable nor sound. It is evident that such checking of challans by clerks must take some time and will cause delay in taking away the cash from the hands of the bailiffs to the Treasury. This is obviously undesirable.

The Chief Accountant reports:—
The question of checking the totals of the bailiffs' challans before depositing the monies in the Treasury was dealt with in our reply to para 21 of the Audit Report for 1928-29. The Secretary, L. S. G. in his letter No. 131 T. M dated 6th October, 1936 observed as follows:—
"In order to avoid recurrence of similar irregularities, the Corporation is advised to find out some means of exercising a check upon the collection before it is remitted to the Treasurer."
The following are the extracts from the replies of the Collector and the remarks of the Deputy Executive Officer I, and the Chief Executive Officer in this connection.

Replies of the Collector:—
"Kindly see the note of the Assistant Collector II. I fully agree with his views. It is more to the interest of this department as well as to the interest of the Corporation that monies collected are deposited in the Treasury as quickly as possible than the possible elimination of mistakes, real or even intentional as the longer the monies remain in the hands of the bailiffs, the greater is the chance of loss. If it is desired to make the challans perfect before deposit from the Accounts point of view, it will mean enormous increase in the staff who will have practically no work during the first two months and very little during the first fortnight of the 3rd month. The reason for the delay in detection is on account of a very heavy collection in the last fortnight of the quarter which cannot be prevented and it is not possible for the present staff of this department to cope with the huge amount of work concentrated in the last fortnight. However, all possible attempts are being made to hasten up the accounts and I hope in a short time the desired effect will be achieved when detection of mistakes will not be very late There is also another point of view. If the mis-

Remarks of the Deputy Executive Officer :— PARA 33.—This has formed the subject of audit objection previously also. The Collector has his difficulties in granting receipts in a stereotyped form.	PARA 33.—That the Committee find that the present arrangement to which no objection is taken by the parties should continue as the records maintained afford sufficient facilities for purposes of Audit.	*Accountant-General, Bengal, and Examiner of Local Accounts' letter No.* L.A. 1129, *dated 26th August*, 1938 :— PARA 33.—The matter is being looked into further and will be commented on, if necessary, in the next Audit Report. The Chief Accountant reports :— No remarks.	
Remarks of the Deputy Executive Officer :— PARA 34.—The Collector has pointed out the difficulties in the way of getting the challans checked by clerks before deposit of the collections. But the suggestion of the Auditors in the last few lines of this paragraph is that :— (1) the collections for bills should be kept separate from the bailiffs' private money (the Collector accepts this; in fact in every case where the bailiff takes a plea to the contrary, he should be punished.) (2) if the collection is thus kept separate, the amount must agree with the total of the challans and it can certainly be expected that the bailiffs will give a correct challan or if for want of time, they cannot effect an agreement, the discrepancy may be brought to the notice of the Collector or such other officer as he may name, then and there This suggestion may be accepted.	PARA 34 (a) (i)—That the Committee direct that as soon as there is a discrepancy between a challan and the amount, it should at once be brought to the notice of the Collector, and the same should be reconciled immediately except in the case of the last fortnight of the quarter when reconciliation should be made early in the first week of the next quarter. (ii) That the Committee agree with the Chief Executive Officer that the existing practice should continue as it is not possible to accept the suggestion of the Auditors.	*Accountant-General, Bengal, and Examiner of Local Accounts' letter No.* L.A. 1129, *dated 26th August*, 1938 : PARA 34.—The question will be further examined in the course of the current audit. *The Chief Accountant's reports* :— No remarks.	

Auditors' Report	Replies of the Departmental replies and Chief Accountant's remarks
Apart from devising some system of check on the amount shown in the chalan before the collection money is paid into the Treasury the Bailiffs may be required to keep the collection money separate and to agree cash in hand with the amount of the chalan as made out by them This agreement if it is properly done would at any rate stop mistakes in listing and totalling	takes are detected and corrected beforehand by the clerical staff there is very little chance of such mistake being reported and brought to the notice of the higher officers which is extremely necessary in order to judge the standard of work an employee of a revenue collection department is doing The present arrangement has run without trouble for a very long time (nearly 30 years) and there is no reason to change it on account of a temporary accumulation of work which happened only because the department was very inadequately staffed The arrear work is in a fair way to be cleared off thanks to the extra staff already sanctioned and it is hoped that there will be no further accumulation if the staff that have been asked for as the minimum necessary is sanctioned by the Corporation After all what is the magnitude of such short payments During 1935 36 there were about 675 such cases in which the total amount of short deposits was less than Rs 2 500 This may look very large but if considered that this is the total in one year of nearly 200 bailiffs collecting over 7½ lacs of bills amounting to nearly 2½ crores of rupees, this is really a negligible figure as it represents only about one bill in a thousand and Re 1 in Rs 10 000 collected" Remarks of the Deputy Executive Officer I 'As the bulk of the work is done during last fortnight of the quarter it will not be possible to check without a huge additional staff who will sit idle during the rest of the quarter Besides the collection also will suffer as the bailiffs shall have to attend office for longer period than at present' Remarks of the Chief Executive Officer The suggestion of the Auditors has been thoroughly considered It appears to be impracticable to introduce any system that will be in accordance with their suggestion I am afraid we have to allow the existing practice to continue"
Rate bills cancelled as irrecoverable 35 Rate bills for Rs 20 449 11 0 were cancelled under Section 213 of the Act as irrecoverable against Rs 18 181 6 9 of the previous year Many of the cancelled bills related to vacant lands of which no owners were traceable A few cases in which the Corporation had to forego its claims for want of prompt and effective action are dealt in paragraphs 36 to 38 below	Para 35 The Collector reports — No comment
Delay in execution of warrant 36 Three occupier's share bills in respect of premises No 75/1, Wellesley Street for the 4th quarter of 1932 33 and the 1st and 3rd quarters of 1933 34 at Rs 10 10-6 per quarter were cancelled by the Corporation on the 31st March, 1936 as irrecoverable It was found from the records that warrants had been issued on the 13th June 1933 for the first two bills and on the 30th October, 1933 for the 3rd The party having paid the amount of two other previous bills and having promised to pay, the outstanding bills one at a time within 3 weeks seizure was withdrawn under the orders of the Assistant Collector on the 17th November 1933 The party, however, failed to pay as agreed and no action was taken to execute the warrants On the 20th February, 1934 the party prayed for one month's further time This was refused and the party was informed that unless he paid the arrears within 24 hours, the warrants already issued would be executed This does not appear to have been done and after a lapse of about 7 months the Inspector reported on the 29th October, 1934 that just on the day before he went to execute the distress warrant he was told that the Official Receiver, High Court, had removed all the movables from the premises under a decree The bills thus having become irrecoverable had necessarily to be cancelled The loss in this case was due to delay in the execution of warrants The party having failed to pay as proposed by himself, there was hardly any justification for delaying the execution of the warrant The Inspector who failed to take action after the lapse of 3 weeks from 17th November 1933 and to execute the warrant after 24 hours from the date of delivery of the last warning appears to be responsible for the loss	Paras 36 & 37 The Collector reports — It is true that there was some delay in execution of the Warrants It should be borne in mind that each Inspector has to handle a very large number of cases owing to heavy outstandings now a days It will never be possible for an Inspector to attend to each and every case timely until the outstandings come down to a normal figure It is hardly justificable to seek two isolated cases of this nature to make them a ground for fixing responsibility for loss on the officers of a Revenue Department where cases of much more importance involving heavier amounts have got to be attended to by them every day

Delay in issue of warrant.

37. The marginally noted occupier's share of rate bills amounting to Rs 61/9/- in respect of 4, Radhanath Bose Lane, were cancelled by the Corporation on the 31st March, 1936 under Section 213 of the Act on the report that no action could be taken as the movables of the occupier were attached by the Small Causes Court and the occupier was not traceable. The notices of demand in case of the first two bills were served on the 10th December, 1931 and warrants though due a week thereafter under Section 191 of the Act were issued on the 1st February, 1932. In the meantime, on 12th January, 1932 the movable goods had been attached by the Court. The explanation given for the cancellation of the bills is therefore not tenable, the real fact being that warrant was delayed and the delay resulted in the failure of the execution, while a private party recovered his dues. For this belated action, the Corporation had to sustain a loss of Rs. 21/12/-. The bailiff in question appears to be responsible as under rule 380 of the Assessment and Collection Manual it was his duty to issue warrants for the two outstanding bills by the 15th September, 1931 and 15th December, 1931 respectively.

Want of timely action.

38. The occupier's share of the consolidated rate for premises No. 63, Monohar Pukur Road, comprising a garden and a tank for the 2nd and 3rd quarters of 1931-32 and 1st to 3rd quarters of 1932-33 aggregating Rs. 67-9-3 was allowed to go uncollected and was finally written off by the Corporation on 31st March, 1936 The bills for these quarters excepting those for the 1st and 3rd quarters of 1932-33 had been sent for vacancy remission to the Assessment Department but the latter refused to cancel them as their officers found on personal inspection at the time that the garden was being cultivated by several Malis retained for the purpose and that the fruits, etc., were being taken by the owner. There was also no notice of vacancy from the owner Although, the Assessment Department certified the premises as occupied, no steps were taken to enforce the realisation of taxes. Later, in November, 1934, the bills were put up for consideration as to how they should be disposed of in view of the refusal of the owner to pay A further reference was made to the Assessment Department whether payment could be enforced The matter was reported on by a new Assessing Inspector, who had no personal knowledge of the conditions obtaining prior to July, 1933 and who could not therefore give any definite opinion regarding the vacancy or otherwise of the premises during the quarters for which the taxes were outstanding. His report was to the effect that as the occupier's share bills prior to the 2nd quarter of 1931-32 and since the 4th quarter of 1932 33 had been cancelled on the ground of vacancy, the probability was that the premises had been in the same state during these five quarters for which the bills were outstanding and that he was unable to say anything more at that distance of time. Finally, it was decided by the Corporation to cancel the bills as irrecoverable on grounds of doubtful vacancy The reason given for the cancellation does not appear to be correct in view of the fact that the earlier enquiries made by the Assessment Department showed that the premises were occupied If proper action had been taken for realisation after this enquiry, the question of cancellation would not probably have arisen at all.

PARA 38. The Collector reports :—
From the very report of the Government Auditors it will appear that since the issue of the bills, occupation, as held by the Assessor was disputed by the owner. The premises are a garden and a tank. The department did not think it advisable to adopt coercive measures in a doubtful case like this. The view has also been accepted by the Corporation So it is not a question of want of timely action but is a case of expediency.

Miscellaneous bills barred for want of timely action

39 The marginally noted bills for installation of a petrol pump on the footpath in front of premises No. 43, Beadon Street issued against the Union Petroleum Co., became barred for want of timely action. It was reported in 1933 that the company had changed hands some time in 1931. There is nothing on record to show that any step was taken to realise the bills from December, 1930, to February 1931, from the sellers and no report appears to have been submitted stating

the difficulty, if any, in realising these bills. Adequate action did not appear to have been taken to realise the bills due from the new party either. A distress warrant was reported to have been issued in 1932, but the party saw the Asstt. Collector on the 25th August, 1932, and verbally agreed to pay a substantial portion of the demand by the first week of September, 1932. The Assistant Collector accordingly asked the office to wait till the 2nd week of September, 1932. On the 9th September, 1932, the party paid the dues for January and February, 1932 only. No further effective action was taken for the realisation of the remaining bills In September, 1935, it was reported that proprietors of the company could not be traced and the bills had to be remitted.

Realisation of fees for removal of carcasses without authority.

40. Fees for the removal of carcasses are often realised but the Corporation have no duly sanctioned bye laws for the purpose as required under section 478 (33) of the Calcutta Municipal Act. A set of such law was framed and approved of by the Corporation on the 24th July, 1929, and was sent to Government for sanction but the latter referred them back on the 11th February, 1935, suggesting provision for proper enforcement of the proposed bye-laws. No revised bye-laws have, however, so far been formulated by the Corporation. Many bills for such fees had, as a result, to be cancelled as no coercive measure would lie against the parties who did not pay amicably, *vide* instances mentioned in the margin.

Defective procedure in respect of excess water bills.

41. Under proviso (a) of section 223 of the Act a rate-payer is entitled to a free supply of filtered water on the basis of the amount of rates paid coupled with the number of inmates of the building during the period of consumption. The Law Officer gave it as his opinion that before issuing any bill for consumption of excess water under section 238, the Corporation must find out what is the free allowance allowable to the party and that it was immaterial whether a party applied for per capita allowance or not. The Chief Executive Officer also observed on the 14th August, 1935, that the provisions of the law were clear. Inspite of these remarks, however, bills for excess consumption of filtered water went on being prepared on the basis of the rates only and when the parties claimed free allowance on per capita basis, the bills were cancelled as no extra charge could be justified on this basis *vide* some instances mentioned below The enquiry for the determination of the free allowance admissible per capital is, however, made several months after the period to which the charge relates and it is doubtful whether in view of the delay which occurs in taking up the enquiry after presentation of the bill, a correct determination of the number of persons residing in the premises some months back is always possible The procedure adopted is therefore, defective and may lead to loss to the Corporation

PARA 41 The Executive Engineer, Water Works reports :—
The procedure to be adopted, is under consideration at a conference of Deputy Executive Officer II, Assessor, Collector, Law Officer and Executive Engineer, Water Works. Pending decision of this question, we have no other alternative but to follow the existing procedure of issuing bills on the basis of valuation except when the party claims per capita allowance as both kinds of allowances are admissible under the Act.

		The Collector reports — 'The case has been well explained in the previous report as to how previous bills were realised by persuasion in spite of the dwindling business of the party. Since after September, 1932, the party left Calcutta and was not traced Still attempts were being made to trace the party and after a good lot of time when it was found that there was no means to trace them out and to recover the balance of the demand, the bills were put up for cancellation I have failed to understand what the Government Auditors mean by "effective action since September, 1932" What more effective action could have been taken from September, 1932 since when the party was untraceable, when the only action that lay in our hands was to trace them out'	
	PARA 41 — That the Committee are impressed with the fact that as the payment of the bill must usually depend on the statement made by the owner or occupier, the question presents many problems which are difficult of solution. As however, the matter is being gone into by the Deputy Executive Officer II with the Heads of Departments concerned it is hoped that a solution will be arrived at whereby the present difficulty will be overcome		

Auditors' Report.	Replies of the Departmental replies and Chief Accountant's remarks.
Delay in giving separate connection No. 197 Ex 42 A miscellaneous bill — dated the 14th July, 1935 for Rs. 2/1/ W for excess consumption of filtered water was issued in the name of the owner of premises No 2, Sidheswar Chandra Lane The premises had been separated and numbered as 2 and 2A, Sidheswar Chandra Lane, with effect from the 3rd quarter of 1934 35 without, however, separate connection for water being given. The bill being for a period subsequent to the date of separation it was cancelled under the orders of the First Deputy Executive Officer on the 26th November, 1935 as it was felt that a bill based on joint connection could not stand. Under clause I of section 1 of Schedule XIV of the Act all premises connected with the filtered water supply should be provided with separate service pipes from the municipal main and rule 437 of the Engineering Manual prescribes that water Inspectors or Engineering Overseers shall report cases of joint connection to the District Engineer so that steps might be taken for separate connection. As no steps had been taken as above the Corporation had to forego the demand There is at present no rule requiring the Assessment Department to inform the Water Works Department when an existing assessment is split up Such a rule appears necessary to ensure prompt action	Para 42. The Executive Engineer, Water Works reports:— The irregularities can be minimised if the Assessment Department compels the owners for separate water connections at the time of settlement of separation cases and necessary informations are given to us by them when an existing assessment is split up. The Assessor reports:— An intimation of change of numbers may be sent to the Water Works Department as is being sent to other Departments under para 215 of the Assessment and Collection Manual, if the Chief Executive Officer is pleased to approve of the suggestion.

Para 43. The Chief Law Officer reports:—
On examination of the figures during the year 1935-36 it will be seen that the Collector transferred Rs. 4,10,563 as against Rs. 4,09,080 in the previous year though there has been a marked improvement in our collection which comes to Rs. 1,82,377 in this year. The principal reason for these heavy outstandings is the transfer of inordinately heavy demands from the Collector every year and unless and until this transfer is controlled, there is no possibility of reducing the outstanding balance Although our collection has improved a good deal and although we are making every possible effort in that behalf, I regret the present staff seems to be inadequate to cope with the out standings plus the heavy annual transfers. Further supplementing of the staff is being considered by the Law Department, Special Committee.

standings in the hands of the Law Officer have thus increased by more than 2 lakhs in the course of the year 1935-36. Out of the total amount of Rs. 16,44,852 only claims for Rs 1,27,063 have been decreed and suits for Rs. 1,47,980 are pending in different courts leaving a balance of Rs 13,69,809 for the realisation of which no suit was filed up to 31st March, 1936	
Suit against a dead person.	
44 Suit No 16407 of 1935 (serial No. L 26 of 1935-36) of the Calcutta Small Causes Court was instituted against Babu Hari Pada Pal of 108, Darma hatta Street, for recovery of the owner's share of the consolidated rate for the period from the 3rd quarter of 1931-32 to the 4th quarter of 1934-35 amounting to Rs. 651/6/6. After the suit was filed it transpired that the party had died about 9 months before The suit had, therefore, to be withdrawn. The expenditure of Rs. 92/5/- incurred in filing the suit was thus lost to the Corporation. The loss was due to the fact that no proper enquiry was made by the Law Department before the suit was filed by them	PARA 44 The Chief Law Officer reports:— When filing the suit this department was not aware that the defendant had died though usual enquiry was made It is needless to mention that instances of a suit against a dead person are rare and I should add at the same time unavoidable.

Demand, Collection, Remission, Balance.	
45. The total demands, collections and balances of license fees on the 31st March, 1936 were as follows:—	PARA 45. The License Officer reports:— Unrealised balance in respect of carriage and animal tax is the result of accumulation for years from 1924-25 and it was not placed in time before the proper committee for cancellation. Actions are being taken for placing such balance for early disposal by the Committee. The demand shown by the audit note is the gross demand whereas the department makes the nett demand after writing off the demands under Section 175 (a), (b) and (c) etc. as is prescribed in the Manual. The percentage of collection, if calculated on the net demand, comes to over 94 per cent.

It will be seen from the above statement that the outstanding balance in respect of carriage and animals license fees on the 31st March, 1936 was Rs. 1,34,797 while the demand for the year was only Rs. 78,436 or in other words, the unrealised balance amounted to about 2 years' demand even after remission and cancellation of dues during the year amounting to about one half of the annual demand. The collections on account of tax on profession and trades amounted to only 70 per cent. of the total realisable amount.

(*Note.*—In the Annual Accounts, the amounts collected on account of Trades & Professions was shewn as Rs. 12,93,826-11-1½ and that on account of animals and carriages as Rs. 63,277. The deficit in the Annual Accounts of Rs. 1,761 and Rs. 15 respectively was due to deduction from the above receipt heads of accounts on account of refunds.)

46 (a) The details of the total balance of Rs 5,50,894 12-0 outstanding on 31st March, 1936 year by year are given in Annexure H it will be seen that more than 50 per cent of the arrears relate to the year 1924 25 to 1932-33.

PARA 46 (b). The License Officer reports:—
They were unrealisable.

(47) (a) Arrears amounting to Rs. 93,560-8-0 for the years 1929-30 and 1930-31 were cancelled on the 8th January, 1936 by the Corporation as irrecoverable. The only statement made in this connection by the License Officer was that there was no chance of realising them. No records were available to show what action was taken to realise the dues before they were declared to be irrecoverables and the grounds in each case were not also stated in the irrecoverable list in the column provided therefor. It is thus not possible to certify to the correctness of the write-off.

PARA 47 (a). The License Officer reports :—
Separate file is not maintained for each demand and no records of action taken for realisation of demands are also kept. In future the Prosecution Registers maintained in this department will reveal the action that has been taken.

(b) A few selected items of cancelled dues are mentioned below :—

PARA 47 (b). The License Officer reports :—
Item Nos. 1, 2 and 5.—They took out licenses from their registered offices.
Item No. 3 :—Demand was created on wrong information.
Item No. 4 :—The company ceased to do any business at the place.

As the assessees appear to be still continuing at the addresses mentioned against their names, the write-off of the license tax in these cases appears *prima facie* to be open to objection.

48. The Prosecution Register is not properly maintained as the dates of prosecution and of hearing, result of prosecution and dates of realisation were not recorded in many cases, *vide*, Prosecution Register for 1934-35 of Ward No. 1—Pages 8, 9, 10, 11, 12, 13, 14, 15, 18, 19, 20, 24, 25, 26, 27, 30 and 35 and Prosecution Register for 1934-35 for Ward No. 3—Pages 16, 17, 18, 22, 23, 24, 25, 26, 27 and 28.

In the absence of all this information the Prosecution Register serves little purpose. This fact was reported in para 55 of the audit report on the accounts for the year 1930-31.

MARKETS.	
S. S. Hogg Market—Suit against a minor dismissed.	
49. Suit No. 4962 of 1933 against one Butto Kristo Hait, (Sl M25 of 1933-34)—The rent of a milk stall in the Hogg Market, let out on daily rent payable in advance, was allowed to accumulate for 57 days from 25th April, 1933 to 20th June, 1933, and an attempt was made to realise the arrears amounting to Rs. 90-7-6 by the institution of a suit. The suit was dismissed as it transpired that the stall had been allotted to one Butto Kristo Hait on an application from a different person who had signed on behalf of Butto Kristo Hait and that the latter was a minor and as such could not be held responsible for a transaction effected on his behalf by a person who was not his guardian. The loss to the Corporation was due to the Market Superintendent's failure to exercise ordinary prudence in accepting the application and to his having allowed the rent to accumulate.	PARA 49.—The Superintendent, S. S. Hogg Market reports:— Stall No. 2, Milk Range, Sir Stuart Hogg Market, was allotted to one Butto Kristo Hait on an application from a different person at the time of late Mr. A. Baker Superintendent, S. S. Hogg Market. It is now proved in the Court that Butto was a minor at the time of allotment in 1921. We had no occasion to go through the allotment file when the party, who had been in occupation of the stall for about 12 years, had been paying rent regularly and when no question was ever raised by anybody regarding the tenancy. It was not mentioned by the party that Butto was a minor and there was no reason to suspect about his minority. It is very difficult to establish the identity of a person unless and until somebody comes forward to contradict one's statement regarding the real state of affairs. Butto Kristo Hait, the recorded occupier of the above stall, carried on his business from 12th August, 1921 to 20th June, 1933 that is, for a period of about 12 years and during this long period he had been paying rent regularly except during the latter part of his tenancy when his rent began to fall into arrears like that of several other tenants due to depressed trade conditions. He was an old, permanent tenant and as such he could not be ejected from the market for non-payment of rent for a few days neither could any action be taken against him by seizing his goods as the milk stall-holders sell milk in Corporation cans and have no goods of their own. Pressure was brought to bear upon him for non-payment of rent and he had been paying rent, though irregularly. During the period under reference (25th April, 1933 to 20th June, 1933) he paid a few instalments towards his arrear rents and then all on a sudden left his business and all possible attempts were made by the department to realise arrear dues. The loss of Rs. 90-7-6 in a collection of about 9 lacs of rupees is a negligible amount and the loss is calculated at .01 per cent. of the total collection. Cases like this are few and far between and cannot be avoided however strong precautionary measures be taken to prevent loss of such a microscopic amount. In the circumstances the department cannot be held responsible for the loss of such a paltry sum.
Irregular imposition of fines.	
50. Cases were found in which fines were imposed by the Superintendents of the Municipal Markets on stall holders (*vide* some instances in Annexure I). The amount thus realised was credited into the Municipal Fund. These impositions do not, however, appear to have been made according to law as there was no such provision in the Calcutta Municipal Act, 1923.	PARA 50. The Superintendent, Entally Market reports:— Since the establishment of Municipal Markets in Calcutta, it has been the practice to impose fines on stall-holders as a disciplinary measure. Though not according to any provision in the Municipal Act the impositions have obtained in markets more as a convention than a measure sanctioned by law.

Chief Executive Officer's remarks.	Resolutions of the Finance Standing Committee as confirmed by the Corporation.	Audit Rejoinder together with further replies of the Corporation.	Final orders of Government, as per their letter No. 19 T M dated 27th April, 1940.
	Para 49.—(1) That this is an exceptional case and steps have subsequently been taken by the department to preclude the possibility of a minor obtaining a stall in his own name. (2) That the Committee desire that in case of milk stalls the daily rent system be rigidly enforced. (3) That as the tenant was a very old one and was paying rent regularly for 12 years, a relaxation was made in his case.		
	Para 50.—That the disciplinary value of the fines entirely outweighs any irregularity involved in the imposition thereof.	*Accountant-General, Bengal, and Examiner of Local Accounts' letter No. L.A. 1129 dated 26th August, 1938:—* Para 50.—It is a matter for Government to decide whether the present irregular practice should be allowed to continue. The Chief Accountant reports:— No remarks. The following extract from the remarks of a member at the Corporation meeting seem to furnish an effective reply. "Then in para 50 they read that the Superintendents of the Municipal Markets were still levying fines on stall-keepers, for which the Auditor did not find any reasonable authority. Apparently the stall-keepers were willing to pay, and any way, it seemed to him to be a matter which by its very nature should not have found a place in the Audit Report."	Para 50.—*Irregular imposition of fines.* The audit objection has since been withdrawn.

Auditors' Report.	Replies of the Departmental replies and Chief Accountant's remarks.
SECTION IV EXPENDITURE GENERAL *Expenditure in excess of provision in the Budget.* 51. Expenditure (liability for charges) was incurred in excess of the provisions in the Budget under many heads *vide* Annexure J enclosed. The incurring of liabilities by the respective Municipal Officers involving expenditure in excess of provisions in the budget was contrary to the provisions of section 13 of the Act. The concurrence of the Corporation should be obtained to payments made on account of these liabilities.	PARA 51.—The Chief Accountant reports:— This question was raised by the auditors in para 30 of the Audit Report for 1934-35 now pending before the Corporation. My replies to this paragraph are reproduced below for ready reference:— "Section 13 (a) is not transgressed by incurring liabilities in excess of the budget provision. Such liabilities have all along been incurred from year to year and it is not clear why this point has been included in the Audit Report after so many decades although a similar reply was given to the auditors previously in their query statement."
Adjustment of advances without details. 52 (a) In the following cases advances outstanding for a long time were adjusted in March, 1936 by debit to the final head of account under the orders of the Chief Executive Officer although no accounts of expenditure supported by vouchers were forthcoming :— (i) Advance of Rs. 359-0-3 granted to the Chief Executive Officer in 1928 in connection with the Scavengers' strike. (ii) Advance of Rs. 36-1 0 granted to Mr. S. C. Chatterjee, District Engineer I, in 1926 in connection with Scavengers' strike. (iii) Advance of Rs. 9-13-0 granted to District Engineer II in 1928 in connection with the scavengers' strike. (iv) Advance of Rs. 25 granted to Dr. J. Chakravarty, D. H. O. I, in 1930 in connection with Lunar Eclipse (b) Advance of Rs. 150 granted to the Chief Executive Officer in 1932 for removal of a 'Bayansala' at 8, Burtola Street was also adjusted in J. V. 230/9 of 1935-36 under the orders of the Chief Executive Officer dated 20th August, 1935 although no accounts of expenditure supported by vouchers were forthcoming. As no detailed account of the expenditure is forthcoming in each case, the debit to the respective final heads under Chief Executive Officer's orders cannot be accepted in audit. It will be noticed that in two of these cases the amounts involved, viz., Rs. 359-0-3 and Rs. 150 respectively are not petty. Besides, these cases suggest that timely action was not taken to get an account in respect of these advances and to make the necessary adjustment. The matter is, therefore, brought to the notice of the Corporation. The amounts can be passed in audit only under the orders of the Corporation.	PARA 52. The Chief Accountant reports:— Under delegation of powers, Chief Executive Officer is fully competent to incur expenditure up to Rs. 1,000 in each case and ratification by the Corporation is necessary only when the total expenditure exceeds Rs. 1000. It is not understood why Corporation sanction is necessary to adjustment of the advances in these five cases as the expenditure incurred was far less than Rs. 1000 in each case. The expenses were incurred under emergent circumstances and detailed accounts could not be had.

Chief Executive Officer's remarks.	Resolutions of the Finance Standing Committee as confirmed by the Corporation	Audit Rejoinder together with further replies of the Corporation.	Final orders of Government, per their letter No. 19 T.M. dated 27th April, 1940.
		Accountant-General, Bengal, and Examiner of Local Accounts' letter No. L.A. 1129 dated 26th August, 1938 :— PARA 51.- As already commented on by them in connection with para 30 of the audit report on the accounts for 1934-35, the auditors are of opinion that the incurring of liabilities by the Officers of the Corporation in excess of the budget grant is contrary to the provisions of Section 13. The Chief Accountant reports — In connection with the further remarks of the auditors on para 30 of the Audit Report for 1934-35, the Chief Law Officer expressed the following opinion :— "From a perusal of clauses (a) and (b) of Section 13 of the Act, it is apparent that the Legislature have made a distinction between incurring "expenditure" and incurring "liability". Clause (a) lays down that "Expenditure" so far as it is to be incurred *in the year* shall be provided under a budget grant. It does not in my view put any restriction in so far as the question of merely incurring a *liability* is concerned." The above view was accepted by the Finance Committee at their meeting dated the 5th September, 1938	PARA 51.—*Expenditure in excess of provision in the Budget.* The attention of the Corporation is invited to the decision of Government on this point as embodied in paragraph 2(9) of the Government order No. 530 M, dated the 6th April, 1940 to the effect that the officers of the Corporation are competent under Section 13(a) of the Calcutta Municipal Act, to incur expenditure during the year up to the amount provided in the budget; but they have no power under Section 13(b) to incur liability for the excess expenditure to be carried over to the following year without the sanction of the Corporation to incur such liability.
		Accountant-General, Bengal, and Examiner of Local Accounts' letter No. L.A. 1129, dated 26th August, 1938 :— PARA 52.—The Chief Executive Officer is no doubt competent to incur ordinary expenditure up to Rs. 1,000 in each case which is supported by detailed sub-vouchers and payees' receipts. As there were no details of expenditure with sub-vouchers and payees' receipts, in these cases, these payments could not be passed in audit and were brought to the notice of the Corporation No further action on this paragraph appears to be necessary. The Chief Accountant reports :— No remarks except that the power to incur expenditure up to Rs. 1,000 against a current budget grant has been delegated by the Corporation, to the Chief Executive Officer without any reserve. The Chief Executive Officer sanctions hundreds of thousands of cases every year with full details under this delegation and if in only one case the details are not disclosed, it must be taken that there are good grounds for this.

ELECTION CHARGES

Travelling Expenses of Revising Authorities.

53 Under Rule 10 of the Rules for the preparation and publication of the Electoral Roll framed by the Local Government under section 25 (2) of the Calcutta Municipal Act, the Chief Executive Officer is competent to appoint a Revising Authority to dispose of claims and objections The terms of appointment offered by the Chief Executive Officer in December, 1935 were that the office would be an honorary one, but such travelling expenses as might be incurred by a Revising Authority in attending to his duties would be paid by the Corporation The bills of the Revising Authorities showed that in 21 cases out of 24, payments amounting to Rs 2,120 were made at Rs 10 per diem and in the rest of the cases at Rs 3 to Rs 5 per diem As the Municipal Office is almost centrally situated, taxi hire to that office and back should not ordinarily exceed Rs 4 If anything more is paid, it has to be treated as remuneration If it is proposed to allow any such remuneration, a scale may be fixed by the Corporation

PARA 53 The Electoral Roll Officer reports:—
The terms and conditions of appointment of Receiving Authorities were the same as pointed out in Audit Report A circular letter was issued to all the officers intimating their condition of appointment About 36 such officers were appointed including additional officers Some of them did not submit any bill for travelling expense as they did not like it while others submitted a bill each the amount of which was in some cases Rs 10 and in some cases less than that As these officers were called upon to perform their duty without any remuneration whatsoever and moreover as they were mostly retired Government officials previously holding very high and responsible posts namely, District and Session Judge, District Magistrate and Collector and Honorary Presidency Magistrates and were of high social status and respectability, we accepted their statement to be correct and passed their respective bills for payment

ENGINEERING DEPARTMENT.

ESTABLISHMENT

Special increment of pay to compensate cessation of cycle allowance

54 Babu Panch Cowrie Mukherjee was working as a Levelling Surveyor in the Main Drainage Department and his salary was Rs 180 per month (in the grade of Rs 150—10—200) and Rs 10 as cycle allowance He was transferred with effect from the 13th May, 1935 as clerk of works in the office of the District Engineer III on his own pay of Rs. 180 (in the same grade) As he had no longer to maintain a bicycle, the cycle allowance of Rs 10 per month was discontinued on his transfer. In consideration of the discontinuance of the cycle allowance, he was allowed a special increment raising his pay to Rs 190 from the date of his transfer to District Engineer III's office "so that he might not lose through transfer"—*vide* Corporation Resolution No 761 dated the 11th September, 1935

As a cycle allowance is granted to an officer "to cover journeys within his circle of duty" (*vide* Article 272 of the Corporation Accounts Code) and is not meant to be a source of profit to him, the question of a "loss through transfer" did not arise and did not justify an advance increment in lieu of the cycle allowance The grant of a special increment has, therefore, been improper in this case

PARA 54 —The Chief Accountant reports —
Under Section 51 (2) of the Act it is for the Corporation to fix the salaries and allowances of their officers The increment of pay in this case having been sanctioned by the Corporation as stated in the objection, I do not think that it is within the purview of the auditors to question the propriety of the same

No explanation has been given to justify the withdrawal of the objection. Under Section 122 (a), it is, however, the duty of the Auditors to point out not only illegalities but also any material impropriety or irregularity in the expenditure and it follows therefore that if in any case they consider the rejection of the lowest or lower tenders to be improper and unjustified they are under a statutory obligation to point this out. The Government order referred to above will cover the points involved in these paragraphs of the audit report.

Auditor's Report	Replies of the Departmental replies and Chief Accountant's remarks.
55. On 25th January, 1933, the Corporation accepted the tender of Messrs. K C. 		by the Corporation on the 25th May, 1938. The Corporation takes strong exception to the said remarks and to the language in which they are couched. The Corporation desire to point out that the function of the Auditors and the limits of their activities are prescribed by the Statute. Their primary duty is to look into the accounts of the Corporation and to report to the Corporation any impropriety or irregularity in the expenditure or in the recovery of the monies of the Corporation. In the opinion of the Corporation, the Auditors while making the remarks in the paragraphs referred to above forgot their position in law and usurped to themselves a right which they do not possess, viz., to criticise the action of the Corporation in matters with which they have no connection at all. The Corporation desire to point out to the Government that it is not competent for the Auditors to challenge or criticise the action of the Corporation in matters, the final disposal of which has been left to the Corporation under the Act. It is not competent for them to sit in judgment upon the decisions arrived at by the Corporation after full and mature consideration, nor is it competent for them to make any surmises as to the reasons underlying any particular decision of the Corporation. It is not for them to advise the Corporation as to the policy to be adopted by the Corporation in the administration of the Municipal affairs of the City of Calcutta. While the Corporation would welcome any legitimate criticism by the Auditors within the limit prescribed by law, it cannot acquiesce in allowing the Auditors to usurp to themselves a role which they do not possess and to sit in judgment on the actions of the Corporation in the way they have done or to give gratuitous advice couched in highly inappropriate language. The Corporation further desire to draw the attention of the Government to the language used by the Auditors in relation to the resolution passed by the Corporation on the 25th May, 1938. In the opinion of the Corporation the language used is highly inappropriate and the Corporation cannot but strongly condemn the same. The Corporation would reiterate the resolution of the 25th May, 1938, if it is necessary to do so."

If the soil had been examined beforehand and the estimate prepared with a fair degree of accuracy, the Corporation could have the advantage of competitive rates for a considerably larger portion of the expenditure, *viz.*, Rs. 65,500 (about), spent on the work than for what they actually obtained. As it is, the defect in the estimate prevented them from having this advantage in respect of about Rs. 27,800 or about 42 per cent. of the executed work. This advantage was by no means a fictitious one as would be evident from the fact that the accepted tender was less by about 32 per cent. of the departmental estimates. The Corporation may consider whether they may not issue a direction to the effect that in any case in which the expenditure on items of work outside the tender exceeds the aggregate value of the tendered items by say 10 per cent., the framer of the estimate should be required to explain in *detail* why the additional items could not be foreseen at the time the estimate was prepared.

A revised estimate for the work amounting to Rs. 73,885 was submitted to the Corporation about one year and four months after the completion of the work. In passing the revised estimate the Corporation issued a direction to the effect that great caution and care should be taken in future in examining the soil before estimates for similar buildings were prepared.

The delay in the submission of the revised estimates is also a matter to which it is necessary to draw the attention of the Corporation Under para 161 of the Engineering Manual revised estimates are required to be submitted directly the necessity occurs. This rule was not followed in the present case. Neither were the provisions of Rule 160 of the same manual requiring the submission of supplementary estimates in respect of material deviations acted upto. It seems necessary that the Corporation should issue a direction to their officers for the strict observance of these rules. On the Public Works side administrative approval to material deviations not fairly contingent on the execution of the work as sanctioned has to be obtained as soon as possible and is not allowed to be deferred till the preparation of the revised or supplementary estimates It is suggested that a specific rule on these lines may be laid down for the guidance of the Engineering Officers.

Revision of the Schedule of rates.

56. The Corporation on 14th December, 1932 approved the schedule of rates for work and materials corrected up to the 31st March, 1932. On 19th July, 1933 the Chief Engineer ordered that the revised schedule would be in force on and from 1st August, 1933. The revision of the schedule was completed by the 18th August, 1931. The result of the delay that occurred in

Replies of the Departmental replies and Chief Accountant's remarks

This is not the first time that these objections are made known to us. The self-same objections had been raised from time to time by the Accounts Department and subsequently by the Government Auditor and more than once, we had to explain matters.

Regarding (1) What appears to be a defect in the estimate for not anticipating certain extra items that are found to be necessary at the time of construction, may not be actually so from practical considerations. For instance, it is neither practical nor feasible to examine the soil before estimates are prepared. The Audit Department may not be aware that money is invariably not provided in the Budget till the preparation of plans and estimate for a particular scheme and that vacant possession of the land is seldom obtained even at the time of acceptance of the tender But the Corporation resolution issuing "a direction to the effect that greater caution and care should be taken in future in examining the soil before estimates for similar buildings were prepared" gave the Audit Department a long rope.

Regarding (2) there was practically no delay in submitting revised estimates Vacant possession of land was obtained from 6th March, 1933. A supplementary estimate amounting to Rs. 12.623 for extra works in the foundation was put up for Committee's sanction at the earliest opportunity on 25th May, 1933 The work was completed on 26th September 1933 and the revised estimate amounting to Rs 73.886 was put up on 7th December, 1933, for your sanction and on 4th January, 1934 for the sanction of the Committee and the Corporation

and the amount of the final bill of the Contractors' was Rs. 65,476/2/- i.e., within 10 per cent. in excess of the above sanctioned amount.

On the face of the above facts the Audit Department in its note has drawn more than once the attention of the Corporation to issue a direction to their officers for strict observance of rules and has cited the example set up by the P. W. D.

The Audit Department of the Corporation must be ignorant of the practice prevalent in the P W. D.

Under the above circumstances one word from the Executive Engineer.—not to speak of the Superintending Engineer or the Chief Engineer would have been sufficient to explain the volleys of objections raised

The revised schedule after it was approved by the Corporation on 14th December, 1932, was sent by the Secretary to the Corporation Press for printing which was completed on 22nd June, 1933. 	trusting the extra work to the contractor, Messrs. K. C. Ghosh & Co., and got the approval of the Committee soon after its formation.	PARA 55.—Important deviations were made in the project as sanctioned by the Corporation but the latter body were neither consulted nor informed about these deviations till the revised estimate came up for consideration a year and four months after the completion of the project To ensure proper control it seems necessary that important deviations should be brought to the notice of the sanctioning authority with the least possible delay. The Finance Committee at their meeting held on the 12th May, 1938, resolved as follows :— "That in all cases where there is a likelihood of the total cost of work exceeding the accepted tendered amount by 10 per cent. including 5 per cent. contingencies, the matter should be reported to the appropriate Committee as well as to the Finance Committee immediately together with a report explaining the reason for the extra cost and an estimate of the probable amount thereof, it being understood that a proper revised estimate must in all cases be submitted within a fortnight from the date of such report and that the revised estimate must be reported upon by the Accounts Department, within a fortnight of its receipt in that department and thereafter placed without delay for sanction to the estimate as well as to the provision of necessary funds" The above resolution was confirmed by the Corporation on 6th July, 1938 The matter is, however, receiving further attention of the Works Committee on a representation made by the Chief Engineer	sity of the strict observance of the rules contained in its Engineering Manual and when such compliance with the rules is found to be impossible, to follow the suggestions of Government communicated to the Corporation in their order No. 85 M, dated the 18th January, 1939 even in respect of the schemes requiring its sanction.

giving effect to same was that where, as in most cases, there was decrease in the rates, payment was made at the old higher rates for extra works done outside the tender between 18th August, 1931 and 31st July, 1933, the terms of the agreement being that payment should be made for such works at the schedule rate *for the time being in force*. As an illustration the following case is cited :— In cash voucher No. 21580 dated 23rd December, 1935, for the work "Construction of a new Chandney in Entally Market", payment was made for 2517 s.ft. "Corrugated iron roofing 22 B W G. including rivets, bolts etc and fixing complete exclusive of wind ties" at the old higher rate of Rs. 37 per cent s.ft. in place of the revised rate of Rs. 29 per cent. s ft although the work was executed after 5th August, 1932 This resulted in an excess payment of Rs. 201-6-0 The delay that occurred in giving effect to the revised schedule after the same had been approved by the Corporation is specially brought to notice.	books in various subordinate departments, the new Schedule of rates was given effect to on and from 1st August, 1933. So, the delay referred to in Sub-para 3 was unavoidable. The D. E. I reports :— Sub-Para 2 C V. 21580 The expression "for the time being in force" should mean the time when the tender was opened and not when the work was done. In this case the tender was opened on 9th September, 1930, when the revised schedule was not even prepared Hence there was no excess payment against this item.
Excess Payments. 57 Estimate—"Construction of an extension of the College Street Market, South Section" Cash Voucher No. 8792 dated 27th July, 1935.— (a) In this voucher payment was made for 8200 3 r.ft. "Supplying and driving 9" and 8" diameter salbullah piling in foundation". Under the agreement, payment should have been made at the rate shown in the "Schedule of contract rates" As a matter of fact payment was made at a higher rate, the excess paid being Rs. 256/4/- at 6 pies in excess per running foot. It was stated that the rate paid in excess was for applying a coat of coal tar which was not included in the schedule rate There is, however, no mention in the schedule of rates as to whether the rate recorded therein included coal tarring or not, nor is there any indication in the bill or the measurement book that coal tar was actually applied to salbullah used in this work.	Para 57.—The Constructional Assistant reports :— This paragraph deals with only two items where the Chief Engineer has allowed rates which are higher than the schedule rates, under circumstances already explained to the Audit Department The revised estimate sanctioned by the Corporation includes these two items. The Chief Engineer reports :— I fully endorse the above note. Regarding Sal bullah piling—0-0-6 was allowed for 2 coats of coal tar paint, which is not included in the rate for piling. Regarding picked jhama soling.—The flooring in the ground storey being constructed over 6 ft. of earth-filling, special rates were allowed both for the flooring and the under-floor, i.e., soling for which picked materials and extra labour had been employed.
(b) In the same bill the following items occur :— (i) " 3" soling of 1st class picked jhama under flooring" at Rs. 10 per 100 sq. ft. (ii) "3" brick-soling in foundation below concrete" at Rs. 7/12/- per 100 sq. ft. For the latter, the schedule rate for "single soling of picked jhama" under Road works was adopted. It was explained that the item for the foundation consisted of jhama bricks of all sizes and shapes, whereas the item for the floor consisted of 1st class picked jhama only. There is, however, no indication in the bill that for soling in foundation. jhama bricks of all sizes and shapes were used. On the other hand the records show that bricks were used From the schedule of rates it is found that soling with first class bricks is more costly than with picked jhama If, therefore, brick soling could be done at Rs. 7/12/- per 100 s ft., it is not understood why picked jhama soling was paid for at Rs. 10 per 100 s ft. It is also not clear why this item was not included in the estimates, so that the advantage of competitive rates could have been obtained.	
58. In cash voucher No. 21580 dated 23rd December, 1935 for the work "Construction of a new Chandney in Entally Market" payment was made for 23,785 c ft., of "Removing spoil, distance within 2 miles" at Rs 35 per 1000 c.ft This was an item outside the tender and payment was made at the schedule rate as required under the terms of the agreement. About 60 per cent. of the competitive rates obtained for a similar item "Carrying away surplus earth to a distance within 2 miles" in connection with the "Construction of an extension of the College Street Market, South Section" varied from Rs. 20 to Rs. 25 per 1000 c.ft It is not clear why it was not possible to anticipate that the spoil would have to be removed to a distance. Had this been done, the Corporation could have obtained the advantage of competitive rates.	Para 58.—The D. E. III has forwarded the following report of his Engineering Supervisor :— My reply dated 20th December, 1933, at pages 93 and 96 of the connected file to the objections raised by the District Accountant on 6th December, 1933, at pages 91 and 92 of the file may be referred to— Extract from the objections of the District Accountant dated 6th December, 1933. * * * * The excess is due to various deviations as detailed below which should be accounted for item by item— Item No. Quantity as per original estimate Quantity actually done. * * * * 69 (Carrying away surplus earth to a distance of 2 miles) .. 23,785 c.ft.

		tor the time being in force" should mean the time the work was done and not when the tender was opened Any excess expenditure incurred on the basis of the interpretation (that the expression means the time the tender was opened) would be treated by them as illegal The Chief Accountant reports :— The old schedule was in force both at the time when the tender was opened and when the work was done.	
	PARA 57.—That the Committee are of opinion that the work being of special nature, the higher rate allowed by the Chief Engineer and subsequently sanctioned by the Corporation was justifiable.		
	PARA. 58.—That the Works Committee be requested to consider whether some period should be fixed after which an old estimate should be revised before tenders are invited.		

Auditor's Report.

Observations on the tenders accepted by the Corporation for the supply of coal for the year ending 31st January, 1936.

Pulta Pumping Station—Slack coal.

Requirements—26000 tons.

59. (a) On the basis of calorific value and the price offered, the tenders arranged in order of cheapness were as follows :—

Order.	Name of tenderer.	Quantity offered.	Quantity accepted by the Corporation	Rate per ton	Calorific value.
				Rs. A. P.	
1	Mukherjee, Chatterji & Co.	12000	...	5 15 0	7663 (11 seam) 7810 (12 seam)
2	A. N. Laha & Co.	3000	3000	5 11 0	7325
3	South Kajora Colliery Co. Ltd.	5000	3000	5 8 0	7073
4	P. B. Mukherjee ..	5000	4000	5 10 9	7074
5	South Jambad Coal Co. Ltd.	6000	3000	5 10 0	6998
6	R. C. Ghose	6000	3000	6 0 0	7418
7	P. C. Mitra & Co.	3000	2000	5 11 6	6936
8	Amritalal Ojha & Co. Ltd.	15000	2000	5 12 0	6960
12	Bengal Premier Coal Co	4000	3000	5 11 0	6173 top sec. 6739 bottom sec.
19	Debendranath Dutt ...	26000	3000	6 2 6	6839

The tenders as accepted by the Corporation involved an average cost of Rs. 5/12/ per ton of coal with an average calorific value of 7047.

(b) If tenders Nos. 1 to 4 and 1000 tons of No. 5 were accepted, this would have meant the Corporation paying at an average cost of Rs. 5/12/- per ton of coal with an average calorific value of 7405. Taking into account the higher average calorific value this would really have meant a saving of Rs. 6,500 (*Vide* Annexure K). It is not at all clear why what appears to be the best offer viz., No. 1 was not even partially accepted.

(c) Even if the Corporation accepted in full the quantities offered by Nos 2 to 6 and 1000 tons of No 7 they would have secured an average price of Rs. 5/11 per ton of coal with an average calorific value of 7158. This would have meant on a similar calculation a saving of Rs 3,250 (*vide* Annexure K).

(d) In the case of Nos. 5 and 6 it is not clear why the full offer was not accepted. In the case of Nos. 3 and 4 the full offer was not accepted as it was apprehended that the contractors would not be able to supply the entire quantity offered by them respectively. This apprehension was based on the reported output of these companies for the year 1931 as given in the report published by the Indian Coal Grading Board. This report contained a warning to the effect that the output shown did not in any way indicate the raising capacity of the collieries which were capable of producing more coal than was shown in the list. Apart from the fact that the decision of the Corporation made in 1935 was allowed to be based on the conditions obtaining 4 years back, the warning contained in the report did not appear to have been given the consi-

Replies of the Departmental replies and Chief Accountant's remarks

Please note specially why item No. 69 was not provided in the estimate."

Extract from the reply of the Engineering Supervisor dated 20th December, 1933.

(a) Item 1.—The excess is due to the fact that earth work required for flooring and passages, etc., was not included in the original estimate. The ground level at the time of preparing the estimate was probably lower than what it was found at the time of doing the work. The original estimate was prepared before 1925 and was subsequently revised in 1927. During and after this temporary sheds were constructed at the site causing the original level to be raised sufficiently.

This was necessary as no filling in the platform was required and for extra earth work done.

It was originally intended that platforms would be filled with the excavated earth. Hence item No 69 was not included in the estimate.

Para 59.—The Controller of Stores reports :—

Offer No. 1 was not accepted as that was a slack coal from Jharia Field which is clinkering by nature and is unsuitable for our type of boilers; moreover, the particular coal is a shaly one and it is not possible to pick out shales from a slack coal.

Generally it is difficult to get more than 8,000 to 9,000 tons of slack coal annually even from a very big colliery in Bengal and particularly in the present dull coal market; and in case of 4 and 6 the Corporation accepted in this particular year 8,000 and 7,000 tons respectively for Pulta and Tallah combined. If full offered quantities were taken from all the accepted tenderers, there would have been difficulty to get any excess quantities if such were required during the contract period. For, in all cases the tenderers do not seem to keep provision of 30 per cent. excess in their offer. So the Committee while deciding the tenders might have thought it more proper to look into the safety of the Water Supply of the city than going in for a nominal saving for slack coal which is not always available in considerable quantity in the market.

When no other raising report of a later date was available to the members of the Committee at the time they probably depended on the report that was available to them

In conclusion I may state that the Committee must have considered all these questions and also the capacities of contractors and decided in the way they thought best

		Accountant General, Bengal, and Examiner of Local Accounts letter No L A. 1129 dated 26th August, 1938. PARA 59 It is not clear from the Corporation's reply what principle has been followed in distributing the coal tenders among so many persons Evidently the raising capacity of the different collieries as was ascertainable from the reported output for 1931 does not appear to have influenced the distribution in all cases For instance, South Jambad Colliery was given only 3,000 tons against a stated total raising of about 26 000 tons in 1931, while East Jambad (tendered by Bengal Premier Coal Co.) with its total raising of 13,000 tons was assigned 5,000 tons (slack) (Talla and Pulta combined) and this, although South Jambad coal was cheaper in price and higher in calorific value The distribution seems in the opinion of the auditors to have been done arbitrarily To say now that it was made consistent with the safety of the water supply of the city seems to be far fetched considering that steam coal can very well be used in working the pumps at Talla and Pulta The Controller of Stores reports :— It is not possible for us to say what considerations did actually weigh with the members of the Committee or the Corporation in deciding coal tenders As regards the remarks in the last Para of the note, I do not understand how the question of steam coal comes in, when the tenders of slack coal were considered by the Committee If the contractors failed to supply slack coal, the Corporation could not have purchased steam coal at a higher price against the defaulters Moreover, the new boilers at Talla and Pulta are designed to burn small coals. [*Vide Paragraph 54 for Resolutions of the Corporation.*]	*Para 59—vide remarks against Para 54.*

deration that it deserved. Besides, the necessity for paying more to cover possible risk of failure in the supplies is not apparent in view of the following general conditions attached to contracts for supply of coal :—

(I) The contractors are required to build up a reserve stock of coal at each station

(II) Over and above the reserve stock the contractor is required to keep further stock of coal at each station sufficient for 15 days' consumption.

(III) If the above conditions are not complied with, the Corporation are at liberty to make purchases at the risk and cost of the contractor to make good the deficit in stock after giving 3 days' notice.

(IV) For any breach in the conditions of contract it is open to the Chief Executive Officer to cancel the same after giving 10 days' notice therefor to the contractor and also claim damages which can be recovered from security deposits offered by contractors without prejudice to any other right or remedy to which the Corporation may be entitled.

MOORE'S SCHEME.

Excess over provision in the estimate.

60. The total cost of supervision in India for Moore's Scheme for water supply amounted to Rs. 7,57,072 at the end of March 1936 against the provision of Rs. 3,10,000 in the revised estimate, *i.e.*, the actual expenditure exceeded the estimate for this item by about 144 per cent; while the works outlay up to the same date was only Rs. 2,28,11,071 against the provision of Rs. 2,42,33,271. Sanction of Government to regularise the excess expenditure for supervision has not, however, been obtained as yet under section 14 (b) of the Calcutta Municipal Act.

PARA 60.—The Chief Accountant reports :
Sanction of the Government under section 14 (b) of the Act is being obtained through the Water Supply Committee and the Corporation. The case is now pending before the Water Supply Committee.

Apparent Excess Payment.

61. In Cash Voucher No. 5684A dated the 21st June, 1935, for extra works outside the tender in connection with the Additional Settling Tank at Pulta (contract No. 8) payment was made for "Earth work in excavation for lime concrete in masonry dam" at Rs. 66 per 1000 c.ft. The analysis of the rate shows that it includes *inter alia* the cost of *earthwork proper* at Rs. 11 per 1000 c.ft., inclusive of Rs. 3 for 2 lifts. The bill of the contractors shows that for 1,03,806 c.ft. out of 1,28,721 c.ft. of earthwork the depth varied from 3 inches to 4 ft 6 in., and for 24,915 c.ft. from 6 ft. to 9 ft. No lift was, therefore, required for 103,806 c.ft. of earthwork. The reason why the analysis included charges for two lifts for the entire quantity of earthwork was not apparent and a reference was made to the Engineering Department to clear this point. The reply received did not help to explain the discrepancy. A further explanation is necessary.

PARA 61.—The Engineer-in-charge, Water Works, Extension reports :—
The earth excavated from within the existing tanks was utilised for forming banks of the New Settling Tank. For this purpose earth had to be carried over the existing banks of the settling tank which was at a height of 13 to 15 ft. from the bed of the existing settling tank. Thus on an average there are two additional lifts of 5 ft.

Discrepancy between muster roll and disposition of tarmacadam and patch repair coolies.

62. The number of coolies for tarmacadam and patch repair of roads as shown in the muster roll of District III did not agree with the number shown in the hand books showing their disposition and employment on actual work as will be seen from the following :—

Date. (1)	No. in muster roll. (2)	No. employed. (3)
11-1-36	20+52=72	11+63=74
12-1-36	20+52=72	11+22=33
13-1-36	20+52=72	11+43=54
14-1-36	20+52=72	11+41=52
15-1-36	20+52=72	11+43=54
19-1-36	20+52=72	11+20=31
28-1-36	20+52=72	11+32=43
29-1-36	20+52=72	11+52=63
30-1-36	20+52=72	11+62=73
31-1-36	20+52=72	11+63=74

PARA 62.—The Chief Engineer has forwarded the following reply of D. E III :—
The Patch Repair Register contains only the distribution of coolies actually employed in restoration work. Besides above works, men are employed in other different works—(1) Restoration of asphalt roads, (2) Painting. (3) Seal Coating, (4) Resurfacing, (5) Petty restoration of roads disturbed by various road opening agencies. (6) Sanding painted roads, (7) Lighting lamps in the evening, (8) Firing boiler at night, (9) Accompanying lorries for loading, unloading metals and spoils, (10) accompanying lorries with mixture to and from plant and work sites.
A complete list of distribution showing all such works and the number of men actually employed in them is submitted to the District Engineer daily. Unfortunately the Patch Repair Register does not contain any such details or everything would have been all right
The Diary or the Pocket Book which is maintained by the Patch Repairing Overseer is submitted daily to the office, which contains the full distribution list, and if necessary it can be produced.
As regards the excess of one or two coolies other than the actual sanctioned strength, I may point out that at times and it is few and far between—Patch Repair coolies under Ward Overseers helped the Patch Repair gang when the gang worked in the said ward, hence this increase of one or two men as the occasion demanded.
It is virtually impossible to employ more men than the sanctioned strength as any such man cannot be paid.

Remarks of the Deputy Executive Officer :— PARA 62.—A Register may be maintained showing the employment of the staff as a whole, and this Register should be made available to audit.			

Auditor's Report	Replies of the Departmental replies and Chief Accountant's remarks.
It was stated that the rest of the coolies worked on other works not mentioned in the disposition register for patch repairs, and that no supplementary records could be produced in respect of the other works Further, it is not clear how on some days, *e.g.*, the 11th January, 1936, on 31st January, 1936, the number employed exceeded the number of coolies shown in the muster roll.	
Acceptance of the highest tender.	
63 (i) The Works Committee on 19th September, 1935 accepted the highest tender of Messrs. Dharanidhar Koyal & Co., amounting to Rs 6,552/9/- for the work "Kerbing and Channelling Jannagore Road." There were eight tenderers and the amount of the lowest tender of Messrs. Lamar Ltd , was Rs. 4,841/14/- The recommendation of the Chief Engineer on the tenders was as follows :--	PARA 63.—The Chief Law Officer reports :— Section 69 (4) provides that the Corporation may reject all or any of the tenders. That being so, there is no statutory obligation on the Corporation to accept the lowest tenders. On the contrary the position seems to be that the Corporation is free to accept any tender including the highest one.
"The lowest of the tenderers who have quoted reasonable rates for the main items is the seventh lowest tenderer Messrs. Roy Contracting Co , whose tender is therefore recommended for acceptance, unless of course the Committee sanctions the provision for wholetime supervision, in which case the work may be given to the lowest tenderer, Messrs. Lamar Ltd It is not possible for the department to do wholetime supervision". In the course of the discussion of the tenders the question of adequate supervision by the District Engineers was raised and it was decided that the necessity for wholetime supervision by temporary hands would be gone into in the next meeting in consultation with District Engineers The selection of the contractor in the case under consideration was not, however, kept pending till the feasibility of adequate supervision by the permanent staff had been considered, but the Committee by a majority of votes decided to accept the highest tender Even the lower tender, viz., for Rs. 6,196/14/- recommended by the Chief Engineer was not accepted The reason for this is not clear.	
(ii) In the next meeting of the Committee held 5 days after, it was decided that as a rule the lowest tender should be accepted and that in following this principle it was not necessary to make any special provision for wholetime supervision by the employment of additional hands Had the decision in the case referred to in Subpara (i) above been deferred for a few days, it would appear that the Chief Engineer's objection to the acceptance of the lowest tender would have ceased to have any force and that the Corporation could have saved Rs 1,700 (about) on this work.	
Accounts of cable.	
64. On the completion of the work "supplying and laying of 6600 volts cable main from the Tallah Pumping Station to the Ballyganj Pumping Station" sanctioned by the Corporation in 1930, the final payment for which was made in Cash Voucher 4473 dated 6th June, 1935, there was a surplus of 900 ft. cable. This surplus is stated to have been utilised in six minor works done departmentally. No estimate or account of the expenditure on these six works could, however, be produced to show that the above length of cable was actually utilised on them. The cost of cable remaining in hand amounting to Rs. 896/7/- remained charged to the work "cable laying from Tallah Pumping Station to Ballyganj Pumping Station."	PARA 64.—The Electrical Engineer reports :— Following are the details of minor works where H. T. cable pieces were used out of the balance of 900 ft. on 12th November, 1932, at Palmer's Bridge Pumping Station - Feeder connection—160 ft. on 17th January, 1933, at Palmer's Bridge Pumping Station- Alternator and Motor connection—210 ft on 19th January, 1933 at Palmer's Bridge Pumping Station -Alteration to Ballygunge Feeder cable. 		PARA 63.—No explanation has been given as to why the lower tender, viz., for Rs. 6,196-14-0 recommended by the Chief Engineer was not accepted. The fact that the Committee or the Corporation have been allowed the discretion to accept any tender does not mean that they are empowered to do what they like merely because they are minded to do so. They must, in the exercise of their discretion, do not what they like but what they ought. They must act reasonably or else they would be exceeding their powers. In the present case as nothing has been stated to justify the decision of the Committee, the objection stands.	
		The Chief Accountant reports :—	
	PARA 63(ii).—That as the Committee or the Corporation have absolute discretion to accept any tender and as each case is decided on its merits, this question does not arise.	With regard to the observations of Government in connection with paragraph 39 of the Audit Report for 1933-34 which also deals with another case of acceptance of higher tender, the Corporation at their meeting dated the 6th June, 1938, resolved as follows :—	
		"That under Section 69 (4) of the Act, the Corporation has full power to reject the lowest tender but the Act does not enjoin that the reasons for rejecting the lowest or lower tenders should be placed on record, nor would it be always feasible to do so."	
		The Auditor's comment is a direct challenge to the above resolution.

PARA 64.—Estimates should have been prepared of the works in which portions of the surplus cable were used and necessary credit afforded to the accounts of the work from which the surplus materials were transferred. Auditor's Report	Replies of the Departmental replies and Chief Accountant's remarks
	There was exchange of notes between this department and the Superintendent of Government Audit lately on this matter and it was explained then that the record of the disbursement of the excess of cable was in the official note book of the out-door officer supervising the cable laying No other account was kept All labour was supplied departmentally and so no estimate was prepared for each job I have given herein the details of the disbursement of the excess cable of 900 ft which may kindly be certified The point, however, that this excess remains charged to the work laying cable, can be met by debiting the amount to maintenance and crediting the work by the same The Chief Engineer reports — I certify that the 900 feet of excess cable has been properly used up in the works details of which are given by the department

HEALTH DEPARTMENT

Want of tender for milk supply

65 Under the orders of the Chief Executive Officer passed on the 28th November 1933 Babu Gobindu Chandra Bose Milk contractor was allowed to supply milk to the Baldeodas Maternity Home at 4 seers per rupee As the annual expenditure involved was over Rs 3 000, the Chief Executive Officer was not competent to accord the sanction, his power to incur expenditure being limited to Rs 1,000 only in any one case The sanction of the Public Health Committee is necessary

No tenders were invited for the supply nor was any contract entered into Although there was no formal agreement, payment continued to be made at the rate of 4 seers per rupee which was sanctioned about 2 years and a half ago and no attempt was made to get the supply at a cheaper rate

PARA 65 The Health Officer reports.—
As fresh milk is absolutely necessary for the Maternity Homes and as the cows have to be milched in the presence of the Lady Doctor or any one of the staff deputed for the purpose, it has all along been the practice to purchase milk under Chief Executive Officer's order and I do not think that the practice should be changed

Corporation			
Chief Executive Officer's remarks	Resolution of the Finance Standing Committee as confirmed by the Corporation	Audit Rejoinder together with further replies of the Corporation	Final orders of Government, as per their letter No 19 T M dated 27th April, 1940
	Part II of the Corporation resolution dated 25th May, 1938, That the attention of Government be drawn to the trivial and unbusinesslike character of a large Section of the Audit Report and also to the failure of the Accountant General, Bengal, in the Local Audit Branch to report considerable losses which are known to have been incurred in the Building Department during the period under Audit	*Accountant General, Bengal, and Examiner of Local Accounts letter No LA 1129 dated 26th August, 1938.—* II The remarks made in paragraph II of the Corporation resolution dated 25th May, 1938, are absolutely unjustified and the auditors take serious objection to these comments The Corporation should have known that under the statute the auditors are required to report any loss or waste of money or other property of the Corporation which has been caused by neglect or misconduct, and that, however much they might like, they cannot, in the present state of the law, exclude petty items of loss from the report or the details establishing neglect or misconduct The charge about the unbusinesslike character of the report is not understood The present report was drawn up on the same lines as the previous ones and no objection was taken to the form of these reports previously As regards the allegation that considerable losses in the Building Department went undetected in audit, the auditors find that these were due to the failure to detect unauthorised construction or to the withholding of reports of such constructions The detection and reporting of such cases are the function of the executive and it is surprising that the auditors should be held responsible for investigating possible demands, the accrual or otherwise of which could be determined only by local inspection *Vide para 54 for forther replies of the Corporation in this connection*	*Part II of the resolution of the Corporation dated 25th May, 1938, on the Audit Report —* Government are unable to agree with the remarks of the Corporation regarding the general character of the Audit Report and they consider that the charge of failure to detect losses in the Building Department, levelled against the auditors, is obviously based on a misapprehension

N.B.—

I *The Accountant-General Bengal, and the Examiner of Local Accounts further stated in their letter No LA. 1129 dated 26th August, 1938, that they had no comments to make on the explanation furnished by the Corporation in respect of the other paragraphs*

II *The commencing portion of the Chief Accountant's note and the remarks of the Chief Executive Officer regarding the further comments of the Accountant-General, Bengal and the Examiner of Local Accounts as per their letter No. L. A. 1129 dated 26th August,* 1938.

The Chief Accountant's report:—

As per the "Rules regarding audit of accounts of the Calcutta Corporation" these audit rejoinders have to be published in newspapers in parallel columns with each item of the original report, the replies of the Corporation and final orders of Government.

These Audit Rules have no provision for including in the publication any replies of the Corporation to the Audit rejoinders. Rule 6 of the said Audit Rules, however, provides that when there is a difference of opinion on any point between the Corporation and the Auditors, the matter, together with the explanation of the Corporation, if any, shall be referred by the Auditors to the Local Government for orders. This suggests that in all cases where the Auditors do not agree with the Corporation, the further comments of the auditors should first be sent to the Corporation for their replies, if any, and they may be then referred to Government.

The time allowed for submission of the audit rejoinders and the further replies of the Corporation is two months only from the date of our submitting the original replies which in this case is 25th June, 1938.

The Accountant-General, Bengal and the Examiner of Local Accounts, however, ignored the provisions of Rule 6 and sent the Audit rejoinders to Government direct on the 26th August, 1938, *i.e.*, after the expiry of the full period of two months. A copy of their letter to Government has been sent to us

Similar further remarks on the Audit Reports for 1933-34 and 1934-35 were also sent by the Joint Auditors direct to Government and copies were later sent to us.

In connection with the further remarks on the Audit Report for the year 1933-34, the Corporation at their meeting dated the 8th June, 1938 resolved as follows:—

"That the attention of Government be drawn to the fact that Rule 6 of the rules regarding audit of accounts of the Calcutta Corporation has not been complied with by the auditors inasmuch as before making a reference to the Local Government, under this rule they have not given the Corporation an opportunity to offer further explanation, if any, on the points on which there was a difference of opinion."

We should communicate to Government our views on the further remarks for 1935-36 before Government passes final orders for publication of the Report.

The further remarks of the Accountant-General, Bengal and the Examiner of Local Accounts are dealt with para by para.

The Chief Executive Officer's remarks:—

We should write to Government communicating our views on the remarks made by the Accountant-General, Bengal and the Examiner of Local Accounts.

10. GOVERNMENT ORDERS ON THE AUDIT REPORT FOR 1935-36.—The Committee were asked to consider the final orders of the Government on the Audit Report for the year 1935-36 as per their letter No. 19-T M. dated 27th April, 1940.

Letter dated 27th April, 1940 is as follows:—

I am directed to refer to the correspondence resting with your letter No. S. 6732, dated the 20th February, 1939 regarding the report on the audit of the accounts of the Calcutta Corporation for the year 1935-36.

2. I am to say that Government have carefully considered the audit report together with the explanations submitted by the Corporation and I am to communicate the following observations and orders of Government in the matter:—

(These observations and orders of Government have been shown against the respective paragraphs of the Audit Report.)

3. I am to request that the audit report together with the replies of the Corporation, the audit rejoinder, and the final orders of Government may now be published as required by Rule 7 of the Rules regarding the Audit of the Accounts of the Calcutta Corporation issued under Government Notification No. 2986-M, dated the 10th May, 1935, as subsequently amended.

The Chief Accountant reported on 16th August, 1940:—

Towards the concluding portion of the letter the Secretary, Public Health and Local Self-Government requests that the audit report together with the replies of the Corporation and relevant matters may now be published as required by Rule 7 of the Rules regarding the Audit of the Accounts of the Calcutta Corporation, issued under Government Notification No 2986-M dated 10th May, 1935, as subsequently amended.

Under Rule 7 of the said Audit Rules, this Audit Report for 1935-36 was due for publication in newspapers not later than 31st March, 1938. The final orders of Government, on the Audit Reports for 1934-35, 1935-36 and 1936-37 have however been sent to us within short intervals viz., on 6th April, 1940, 27th April, 1940 and 25th May, 1940, respectively when this department was busily engaged with the Audit Report for the year 1938-39. The time programme enumerated in the said Audit Rules makes the last quarter only of a financial year available to our staff to attend to the work of publication. As it is we may expect to expedite one Audit Report only during this short time now at our disposal.

As ordered by you, this department has already taken in hand the publication of the Audit Report for 1934-35. The Audit Reports for 1935-36 and 1936-37 will be taken up in succession, as soon as we can finish the report for 1934-35 to which your approval is solicited.

The Audit Rules do not provide for inclusion in the publication of any replies or remarks subsequent to the passing of final orders of Government. The orders and observations of Government, are however of a nature deserving the attention of the Corporation. The letter may therefore be placed before the Corportion through the Finance Committee for which your orders are solicited.

These orders and observations of Government, are dealt with below :—

(1) Paragraph 4—Notice of surcharge :—

This relates to a case of wrong calculation of the valuation of premises No. 67, Sukeas Street.

The Assessor reports on 24th July, 1940. This matter has already been referred to the Finance Standing Committee. The item, I think, will come up shortly.

(2) Paragraph 5—Previous Audit Reports :—No remarks.

(3) Paragraph 9—Cash in hand with the Treasurer :—

This question has already been dealt with in our replies to Para 8 of the Audit Report for 1938-39 which is now engaging the attention of Chief Executive Officer.

(4) Paragraph 24—Balance Sheet—No remarks.

(5) Paragraph 26—rates on vacant lands remitted for more than three years—

Paragraph 3 of Government letter. No. 131 T. M. dated 6th October, 1936 is quoted below :—

"Para 15.—As regards remission of the consolidated rate in respect of vacant lands suitable for building sites but not utilised as such, Government are advised that the Corporaton is not competent under the proviso to section 151 of the Calcutta Municipal Act, 1923, to grant general exemption to all building sites lying vacant for more than 3 years. The Section contemplates the consideration of individual cases."

While considering the letter of the Accountant-General, Bengal, dated 3rd October, 1936, on the question of enforcing the proviso to section 151 of the Act, in respect of vacant lands, the Corporation on the 9th December, 1936 resolved, *inter alia* as follows :—

That the Assessor be requested to place before the Committee a list of vacant lands in respect of which full rates can be charged together with a list of vacant lands in regard to which special circumstances exist.

Accordingly a list of vacant lands for all the wards in the city were prepared and placed before the Finance Committee. The Finance Committee on 20th December, 1937 resolved as follows :—

"That in the opinion of the Committee there is no necessity for the proviso to Section 151 of the Calcutta Municipal Act, 1923, and they recommend that the Government be approached to amend the section."

The above resolution of the Finance Committee was confirmed by the Corporation at their meeting held on 21st January, 1938.

A copy of the said resolution of the Corporation was duly forwarded to the Secretary to the Government of Bengal, Department of Public Health and Local Self-Government (along with the letter No. S. 6554 dated 29th January, 1938) with the request to move the Legislature for an amendment of the Act.

(6) Paragraph 38—Want of timely action :—No remarks.

(7) Paragraph 44—Suit against a dead person—No remarks.

(8) Paragraph 50—Irregular imposition of fines.

This relates to imposition of fines by the Superintendents of the Municipal Markets on stall-holders.

No remarks.

(9) Paragraph 51—Expenditure in excess of provision in the Budget.

This question has already been dealt with in my replies to the final orders of Government, on the Audit Report for 1934-35, as per paragraph 2(9) of their letter No. 530-M, dated 6th April, 1940.

(10) Paragraphs 54, 59 and 63 :—Special increment of ¼ ay to compensate cessation of cycle allowance. Observations on the tenders accepted by the Corporation for the supply of coal for the year ending 31st January, 1936 and acceptance of the highest tender.

The recommendation of the Finance Standing Committee in this connection as confirmed by the Corporation dated 8th February, 1939, is quoted below for ready reference:—

These recommendations have already been shewn against para 54 at pages 49 and 51.

Paragraph 2 (12) of Government order No. 530-M, dated 6th April, 1940, relates to the Audit Report for 1934-35. It runs as follows:—

"In connection with these paragraphs a question has been raised as to the proper function of the auditors under Section 122 (a) of the Calcutta Municipal Act. The Auditors have held that in the cases mentioned in these paragraphs there was a "material impropriety in the expenditure within the meaning of the aforesaid section, while the Corporation has maintained that the auditors have no power to challenge the statutory rights of the Corporation in regard to the acceptance of tenders.

As the matter is one of considerable importance, Government have taken legal opinion and are advised that section 69 (4) of the Calcutta Municipal Act gives full power to the Corporation to reject the lowest or lower tenders and that the rejection of such tenders is not, therefore, illegal and that it is not also necessarily improper in all cases. Government are, however, advised that under Section 122 (a), it is the duty of the auditors to point out not only illegalities but also any material impropriety or irregularity in the expenditure and that, if the auditors consider that the rejection of the lowest or lower tenders is improper and unjustified, they are not only entitled to, but are bound to point it out

It appears that the Corporation has also objected to the direction given by Government in paragraph 2 (17) of their letter No. 186-M, dated the 19th January, 1938, for placing on record the reasons for rejecting the lowest or lower tenders on the ground that this is not enjoined by the Act and that it would not always be feasible to do so. Government are, however, of opinion that the rejection of the lowest or lower tenders may often raise a question as to the propriety of such rejection and that the reasons for the rejection should therefore be placed on record as far as possible."

(11) *Excess cost for want of a proper estimate.*

This relates to the work of construction of a one-storied building having foundation for four storeys and provision for a Clock Tower for the extension of College Street Market, South Section.

Letter No. 85-M, dated 18th January, 1939 of the Secretary to the Government of Bengal conveying the sanction of Government to the revised estimate amounting to Rs. 2,73,60,340-1-8 for the Calcutta Water Supply Extension Scheme and making certain suggestions in regard to the execution of extra work not covered by sanctioned estimates for acceptance by the Corporation was considered by the Corporation at their meeting dated 17th November, 1939, when they resolved as follows:—

"That the suggestion of the Government be not approved and that it be a direction to the departments concerned to obtain the previous sanction of the Chief Executive Officer, in all cases of extra works involving substantial modifications in the estimate."

The resolution of the Corporation was communicated to Government in Chief Executive Officer's letter No. S/4868 dated 4th December, 1939.

(12) *Part II of the resolution of the Corporation dated the 25th May, 1938, on the Audit Report.*

Part II of the Corporation resolution dated the 25th May, 1938, in connection with the Audit Report in question runs as follows :—

"That the attention of the Government be drawn to the trivial and unbusiness-like character of a large section of the Audit Report and also to the failure of the Accountant-General in the Local Audit Branch to report considerable losses which are known to have been incurred in the Building Department during the period under audit."

With regard to the above, the Accountant-General, Bengal and the Examiner of Local Accounts, Bengal observed in their letter *No. L. A.* 1129 *dated 26th August*, 1938 *as follows* :—

"The remarks made in Paragraph II of the Corporation resolution dated 25th May, 1938 are absolutely unjustified and the auditors take serious objections to these comments. The Corporation should have known that under the statute the auditors are required to report any loss or waste of money or other property of the Corporation which has been caused by neglect or misconduct, and that, however much they might like, they cannot in the present state of the law, exclude petty items of loss from the report or the details establishing neglect or misconduct. The charge about the unbusiness-like character of the report is not understood. The present report was drawn up on the same lines as the previous ones and no objection was taken to the form of these reports previously. As regards the allegation that considerable losses in the Building Department went undetected in audit, the auditors find that these were due to the failure to detect unauthorised construction or to the withholding of reports of such constructions. The detection and reporting of such cases are the functions of the executive and it is surprising that the auditors should be held responsible for investigating possible demands, the accrual or otherwise of which could be determined only by local inspection."

Further resolutions of the Corporation in this connection have been quoted in my replies to paragraphs 54, 59 and 63 above.

The Chief Executive Officer remarks as follows :—

To Finance Committee. Arrangements for publication as required by law should also be made as early as possible

(1) *Paragraph* 4—

The Committee were informed that this matter had already been dealt with by this Committee in connection with the Audit Report for 1937-38.

(2) *Paragraph* 5—

The Assistant Secretary said that the Audit Report for 1933-34 was published in March and arrangements had been made to publish the successive Audit Reports as soon as Government orders thereon were received. He might mention that Government orders on 3 years' Audit Reports had been received within 3 months and naturally it would take some time to publish all the reports as they could take up only one at a time.

No remarks.

(3) *Paragraph* 9—

The Chairman said that this question would be dealt with in the Audit Report for 1938-39.

(4) *Paragraph* 24—

No remarks.

(5) *Paragraph* 26—

The Committee and the Corporation reconsidered the matter along with the Government letter No. 131-M. dated 6th October, 1936, and came to the conclusion that it was impracticable to adopt any other course than what was previously recommended by them and their resolution was communicated to the Government under cover of the letter No. S. 6554, dated 29th January, 1938.

(6) *Paragraph* 38—
No remarks.

(7) *Paragraph* 44—
Instructions have already been issued to the Heads of Departments in this respect.

(8) *Paragraph* 50—
No remarks.

(9) *Paragraph* 51—
The Committee agree that it will not be possible for the departments to obtain sanction under Section 13 (b) in every case as explained in the Chief Accountant's report.

(10) *Paragraphs* 54, 59 *and* 63—
The Committee are of opinion that the attitude already taken up by the Corporation in this matter, should be adhered to

(1) *Paragraph* 55—
The Officiating Secretary stated that the Government in a subsequent letter, No. 1116-M, dated 4th September, 1940 have asked the Corporation to reconsider their decision dated 17th November, 1939. Reports have been called for and the matter will be placed before the Corporation later on.

The Committee decided that Government be informed that the matter was engaging the attention of the Corporation.

(12) *Part II of the resolution of the Corporation dated the 25th May, 1938, on the Audit Report.*
The Committee suggest that the Corporation should maintain their previous attitude.

Resolved

That it be recommended that the orders and suggestions of the Government as per their letter No. 197-M, dated the 27th April, 1940, be given effect to, subject to the following directions and remarks:—

Paragraph 5.—That necessary arrangements are being made to publish the reports as early as possible

Paragraph 26. That the Government be requested to reconsider the matter and amend Section 151 with retrospective effect as explained in letter No. S. 6554, dated 29th January, 1938, as early as possible.

Paragraph 44.—That the Committee have already dealt with this matter in connection with the Audit Report for the year 1934-35.

Paragraph 51.—That the Government be informed that it is not possible in all cases to observe the provisions laid down in Section 13(b) of the Act, for reasons explained by the Chief Accountant.

Paragraphs 54, 59 *and* 63.—That the Corporation adhere to their opinion as contained in their resolution dated 8th February, 1939.

Paragraph 55.—1. That the matter is under consideration and that a reply will be sent as soon as the Government letter has been disposed of.

II That the Corporation are unable to agree with the views of the Auditors in the matter

---

The above recommendations of the Finance Standing Committee were confirmed by the Corporation on 15th January, 1941

The resolutions of the Corporation were communicated to Government in Chief Executive Officer's letter No. S/4332 dated the 25th January, 1941 and to the departments concerned as per Secretary's Circular No 152 of 1940-41.

Dinajpur.—No. 397C./P.H.—3rd May 1943.—Whereas the Governor is satisfied that the municipality of Dinajpur in the district of Dinajpur is threatened with an outbreak of smallpox:

Now, therefore, in exercise of the power conferred by section 2A, read with sub-section (*1*) of section 2 of the Epidemic Diseases Act, 1897 (Act III of 1897), the Governor is pleased to prescribe the following temporary regulations for the prevention and control of smallpox, and for the medical inspection, isolation observation and surveillance of persons suffering from, or suspected of being infected with, smallpox in the said municipality for a period of three months:—

Temporary regulations for the prevention and control of smallpox.

1. In these regulations, unless there is anything repugnant in the subject or context—
   (*a*) "Health Officer" means the Health Officer of the municipality;
   (*b*) "Sanitary Inspector" means a Sanitary Inspector appointed by the municipality;

   (*e*) "Medical practitioner" means any person practising the medical profession.

Notices.

2. If in any case the Health Officer or a Sanitary Inspector considers that the issue of a notice under regulation 20 is likely to lead to such an amount of delay as might facilitate the spread of smallpox, he may forthwith take such steps as he may think fit for carrying out the work, and shall thereafter, as soon as possible, issue a notice on the person concerned stating the reason why such work has been carried out.

3. If any measure which the Health Officer or a Sanitary Inspector has, by a notice issued under regulation 20, required to be carried out, be not carried out to his satisfaction within the time stated in the notice the Health Officer or a Sanitary Inspector shall be entitled to carry out the measure.

Cost and compensation.

4. (1) All expenses incurred in carrying out any work in pursuance of an order issued under these regulations shall be paid by the municipality except in any case where the order directs a person to carry out any work in relation to property in his possession, in which case the expenses shall be paid by such person:

Provided that where the conditions, which led the Health Officer or a Sanitary Inspector to pass such an order, are not attributable to any act or default of the person in possession of the property, the municipality may pay to such person the whole or a part of the expenses incurred by him in carrying out the order.

(2) The municipality may recover all expenses incurred by the Health Officer or a Sanitary Inspector in carrying out the measure under regulation 3 from the person or persons to whom the notice was originally issued.

5. The municipality shall pay adequate compensation to any person who has sustained substantial loss or damage by reason of anything done under these regulations:

Provided that no person shall receive any compensation for anything done or suffered under these regulations, if he has failed to carry out an order, issued under these regulations within the time specified in the order and to the satisfaction of the Health Officer or a Sanitary Inspector.

Location of disease.

6. When a case of smallpox occurs in a house, the nearest male relative in attendance upon the patient, or in the absence of any such relative the occupier of the house, or if the occupier be the patient, the senior male inmate of the house other than patient of the house shall within twenty-four hours of the onset of the disease, give information regarding the occurrence of such case either personally or in writing to the nearest Sanitary Inspector. 9. The Health Officer or a Sanitary Inspector may examine any person who is or suspected to be suffering from smallpox or who, in his opinion, may be infected with or likely to spread smallpox.

Isolation of patients.

10. When the Health Officer or a Sanitary Inspector considers that the isolation of any patient is a precaution necessary for the protection of the neighbouring population, he shall order the patient to observe isolation and may order the nearest relative in attendance on the patient, or the occupier of the house in which the patient is staying to arrange for the isolation of the patient in such a manner and for such a time as may be approved by the Health Officer or a Sanitary Inspector.

He shall not direct the patient to be removed from the house unless it is, in his opinion, impossible to make proper arrangements for his isolation therein.

11. The Health Officer or a Sanitary Inspector may order that any person, who has been in contact with a person found to be suffering from smallpox shall be segregated for a period not exceeding a fortnight in a manner and in a place to be approved by the Health Officer or a Sanitary Inspector.

12. The Health Officer or a Sanitary Inspector may order that any person who has been in contact with a person found to be suffering from smallpox shall be vaccinated or revaccinated within a time to be specified in the order.

14. When a patient has been removed from a house for isolation under regulation 10, the municipality shall provide for him free of charge a suitable place, with necessary attendants, diet, etc.

15. No person, who is or has been suffering from smallpox shall leave the place where he has been staying until he has received from the Health Officer or a Sanitary Inspector written permission to do so.

Addition of new section 119A, Act XIV of 1932.

6. To Chapter IX of the Indian Air Force Act, 1932, after section 119, the following section shall be added, namely:— XIV of 1932.

Establishment and regulation of air force prisons and detention barracks.

"119A. (1) The Central Government may set apart any building or part of a building or any place under its control as an air force prison or detention barracks for the confinement of persons sentenced to imprisonment or detention under this Act.

(2) The Central Government may by rules provide—

(a) for the government, management and regulation of such air force prisons and detention barracks;

(*b*) for the appointment and removal and powers of inspectors, visitors, governors and officers thereof;

(*c*) for the labour of prisoners and persons undergoing detention therein and for enabling such prisoners or persons to earn by special industry and good conduct a remission of a portion of their sentence; and

(*d*) for the safe custody of such prisoners or persons and the maintenance of discipline among them and the punishment by personal correction, restraint or otherwise, of offences committed by them:

(*3*) Rules made under this section may provide for the application to air force prisons or detention barracks of any of the provisions of the Prisons Act, 1894, relating to the duties of officers of prisons and the punishment of persons not prisoners." IX of 1894.

STATEMENT OF OBJECTS AND REASONS.

The Government of India have recently sanctioned the establishment of military prisons with the object of—

(*a*) providing additional facilities for the incarceration in military custody of persons subject to the Indian Army Act and the Indian Air Force Act, who are ordered to undergo sentences of imprisonment awarded by courts martial, but for whom sufficient accommodation in cells does not exist; and

(*b*) conserving manpower, by making provision for the committal of a larger number of military and air force prisoners to military instead of civil prisons, with a view to their subsequent return to the service. A military or air force prisoner who is committed to a civil prison has to be discharged from the service.

2. The Indian Army Act and the Indian Air Force Act make no provision either for the imprisonment in military custody of persons who are sentenced to imprisonment exceeding three months, or for the establishment, government and discipline of such military prisons. It is, therefore, proposed—

(*i*) to amend sections 107 and 109 of the Indian Army Act and sections 113 and 116 of the Indian Air Force Act to permit of the imprisonment in military custody of persons who are sentenced to imprisonment exceeding three months; and

(*ii*) to add to the two Acts sections empowering the Central Government to establish military prisons and to make rules for their management.

DEPARTMENT OF AGRICULTURE, BENGAL

Calcutta, the 13th April 1943.

Third Forecast of the Wheat Crop of Bengal, 1942-43.

[*Note*—On an average of the five years ending 1940-41, the area under wheat in Bengal has represented some 0·5 per cent. of the total area under wheat in India. The ratio of the irrigated wheat acreage to total wheat acreage in (*a*) British India and (*b*) in the territory now reported on has, in the five years ending 1940-41, averaged (*a*) 45·9 and (*b*) 7·8 respectively.]

Character of the season.—Since the submission of the second forecast the weather has been fairly favourable although slight damage has been caused by rainfall and hailstorm in the districts of Murshidabad, Pabna and Faridpur.

Acreage.—According to the estimates of the District Officers the total area sown is 177,200 acres this year against 170,000 acres both in the corresponding and final forecasts last year.

Outturn.—The average provincial outturn as worked out from the district estimates is 91 per cent. as against 76 and 69 per cent. in the corresponding and final forecasts of last year.

Taking the normal yield to be 9 maunds per acre, the gross yield of the crop for the province works out to 53,300 tons this year as against 42,700 tons (revised) and 38,800 tons (revised) respectively in the corresponding and final forecasts of last year.

And whereas the said Government of Bengal has required the Company under the provisions of section 41 of the abovementioned Act to enter into the agreement with the Governor hereinafter contained. Now this Indenture witnesseth that it is hereby agreed and declared as follows:—

NOTIFICATION.

No. 1879A.—20th May 1943.—With reference to the Indian Civil Service Provident Fund Rules, made by the Secretary of State on the 3rd June 1942, the following instructions are issued by the Government of Bengal for the guidance of those subscribers to the Fund who are under their administrative control and of the Accountant-General, Bengal:—

1. *Subscriptions* (*Rule 3*).—(1) Where the subscriber draws emoluments (other than leave salary or reduced remuneration during suspension) from a Government Treasury in India, the amount of subscription will be such as may be deducted by him from the bill on which he draws the emoluments. The amount may be varied by the subscriber during the year within the limits prescribed in rule 3.

(2) In the case of a subscriber on leave the amount of subscription will be such as he may intimate to the Accountant-General, Bengal, before proceeding on leave. If during leave the subscriber will be drawing minimum leave salary or leave salary under Fundamental Rule 88, he should intimate to the Accountant-General, Bengal, whether he wishes to subscribe and if so the amount he will be subscribing. No alteration will be permissible in the amount so fixed for the period of leave. If the subscriber fails to intimate before proceeding on leave he will be deemed to have exercised his option in favour of subscribing during leave at the minimum rate of 4 per cent. of his leave salary and deductions will be made accordingly.

(3) The instructions in sub-paragraph (2) will apply *mutatis mutandis* to a subscriber under suspension during which reduced remuneration is drawn.

(4) In the case of a subscriber transferred to foreign service or sent on deputation out of India the amount of subscription will be such as he may intimate to the Accountant-General, Bengal, before proceeding to join his new duties. The subscriber should also intimate to the Accountant-General, Bengal, the amount of his emoluments while on foreign service or deputation out of India and any change therein in order to enable the Accountant-General, Bengal, to verify whether the rate of subscription is within the limits prescribed in rule 3.

(5) Subscriptions to the Fund will be recovered—

(i) in respect of emoluments drawn from a Government Treasury in India or a Colonial or Home Treasury, by deduction from the emoluments;

(ii) in respect of sterling overseas pay by deduction in India from pay; and

(iii) in respect of emoluments drawn from any other source, in cash, the subscriber remitting the amount direct to the Accountant-General, Bengal.

(6) All subscriptions made by a member together with interest on such subscriptions calculated under rule 4 should be credited to his account in the Fund.

2. *Nominations* (*Rule 5*).—Nominations under sub-rule (1), and notices of cancellation under sub-rule (4), should be in such one of the forms appended to these instructions as is appropriate in the circumstances.

3. *Recoveries on account of advances* (*Rule 7*).—Recoveries on account of advances will commence on the first occasion on which, after the advance is made, the subscriber draws pay for a full month, and will be effected in the manner provided in paragraph 1 above for realisation of subscriptions. Recoveries made by deduction from emoluments will be treated for the purpose of calculating interest under rule 4 as having been credited to the Fund on the first day of the month in which they are made.

4. *Payments towards policies of insurance* (*Rule 8*).—When a subscriber diverts or withdraws money from the Fund to pay the first premium on a policy of insurance (or, if the policy be a single premium policy, to pay that premium) under rule 8, he should furnish the Accountant-General, Bengal, with a certificate in the following form:—

"In lieu of subscription/with the sum of Rs.....a month to/withdrawn from the Indian Civil Service Provident Fund, I propose to pay a premium/single premium of Rs...../£.....monthly/quarterly/half-yearly/annually, on a policy of insurance on my own life with.....Company. This insurance is an endowment/a whole life insurance for Rs...../£.....payable after .....years or death whichever is earlier/on my death".

5. *Recovery of the amount withdrawn under the proviso to rule 11*.—Where a subscriber has to repay to the Fund under the proviso to rule 11, the whole amount withdrawn by him, Government will determine whether the amount should be repaid in one or more instalments and in cash or securities or both.

6. *Final payments* (*Rule 12*).—(1) The Accountant-General, Bengal, will be responsible for making final payments under rules 11 or 12. If payment is made under rule 12 any person claiming payment should send a written application to that Officer. In a case where there is doubt or dispute, but only with regard to a portion of the amount standing to the credit of a subscriber, the Accountant-General, Bengal, should authorise prompt payment of that portion in regard to which there is no doubt or dispute. The persons to whom any amount is payable from the Fund should make their own arrangements to receive payment in India.

(2) If the person to whom any payment is to be made from the Fund is a lunatic, payment should be made to the authority entitled under the law to receive payment on his behalf.

(3) Sums not claimed for a period of six months after they have become payable will, at the end of the year, be transferred from the account head "Indian Civil Service Provident Fund" to the account head "Deposits", and treated under the ordinary rules relating to deposits. Such transfer does not however affect the fiduciary capacity in which the sums are held by Government.

7. Statement of account (*Rule 14*).—(1) The Accountant-General, Bengal, will assign a number to the account of each subscriber, and when paying subscriptions in India, the subscriber should quote this number.

(2) Subscribers are required to satisfy themselves as to the correctness of the annual statements. Errors, if any, should be brought to the notice of the Accountant-General, Bengal, within six months of receiving a statement. If no statement of account is received by the 1st of October, the subscriber should communicate with the Accountant-General, Bengal.
